

COOLIDGE LEADING IN CALIFORNIA

OPERATION IS PERFORMED TO AID A. SORLIE

Ounce of Old Blood Is Removed to Relieve Pressure on the Brain

IS RESTING WELL

Condition of Roy Frazier. Also in Hospital Here, Continues to Improve

A slight operation was performed this morning by physicians to ease pressure on the brain of A. G. Sorlie, of Grand Forks, Nonpartisan League candidate for Governor, who is suffering in a local hospital from a fractured skull and other injuries sustained in an automobile crash. Following the operation it was stated that the patient was resting quietly, and his pulse and temperature are nearly normal.

The condition of Mr. Sorlie continued to fluctuate at intervals since yesterday morning. Marked improvement was seen early last evening, when a setback was suffered again during the night. There was generally more optimism felt about his condition last night and today, however, than at any time since the accident Saturday.

The bulletin issued by Dr. E. P. Quinn at the Bismarck Hospital at 11 a. m. today said:

"Mr. Sorlie became more restless again during the night. In view of the continued symptoms of pressure on the brain a spinal puncture was made this morning. One ounce of old blood which had escaped from the fracture in the skull, was removed. The patient is resting quietly since the operation. Pulse and temperature are nearly normal."

With respect to Roy Frazier, injured in the same accident, Dr. Quinn said: "Mr. Frazier has intermittent periods of severe headaches, but his general condition continues to improve."

No visitors have as yet been admitted to the sick rooms. Many floral bouquets have been received at the hospital for the patients.

Hopeful Last Night

The condition of Mr. Sorlie was such last night that Dr. E. P. Quinn, in charge of the case, for the first time yielded to anything akin to prediction and indicated he was hopeful of Mr. Sorlie's condition, while he felt that Mr. Frazier's recovery was probable in the absence of any untoward symptoms developing later.

"Mr. Sorlie is about the same as earlier in the day," Dr. Quinn said at 7 o'clock last night. "The fact that he is not getting any worse and the absence of any signs of increasing intracranial pressure is a hopeful condition. He has some new pains but they are minor."

"Mr. Frazier is also about the same, and improving more rapidly than Mr. Sorlie. I feel confident that Mr. Frazier will improve rapidly, and his recovery is probable."

Dr. Quinn reiterated his bulletin of earlier in the day when he said that Mr. Sorlie "is somewhat improved" and added that "No special measures have as yet been required to overcome the intracranial pressure."

Denial was made by Dr. Quinn of reports that no operation was undertaken because of the condition of Mr. Sorlie's heart. While he said Mr. Sorlie "has a bad heart" the operation had not been attempted because it was not necessary to take special measure to relieve the brain pressure.

Mrs. Sorlie, who has been an almost constant companion of her husband, felt much encouraged last night, and left the hospital to dine with friends.

M'LEAN GOES BEFORE GRAND JURY IN PROBE

Washington Publisher Called. Also Harry J. Sinclair's Personal Counsel

Washington, May 7.—Edward B. McLean, publisher of the Washington Post, and J. W. Zevely, counsel for Harry J. Sinclair, were called as witnesses today before the special oil grand jury in the District of Columbia supreme court.

McLean was required under his subpoena to produce all telegrams and letters exchanged between himself and Albert B. Fall, former Secretary of the Interior, and principal figure in the Senate oil inquiry.

This correspondence and McLean's private telegrams have been the subject of an exhaustive examination by the Senate oil committee.

McLean testified before the Senate investigators that he had agreed at the request of Fall to let him loan the former cabinet officer \$100,000 cash in advance of giving him needed checks for that amount. At the same time the publisher denied any knowledge with respect to the oil leases or the actual source of the loans which he subsequently learned Fall had obtained from Edward L. Doheny, lessee of naval reserve No. 1.

CURTAIN

It was a crowd with tear-dimmed eyes that witnessed the funeral services for the great Duke at the Church of St. Vincent Ferrer, New York. From all walks of life they came to pay their last respects before the body was placed aboard a liner and taken to Rome.

SEN. BAKER'S CHARACTER IS GIVEN PRAISE

Minot Pastor, at Funeral Services, Pays Glowing Tribute to Deceased

Minot, N. D., May 7.—A deep sincere sympathy for the poor and ardent love for education, and a genuine desire to be of help to his fellow men were the three great outstanding characteristics of the late Senator Bert F. Baker of Glenburn, who was buried here this afternoon. The Rev. Paul Erickson, pastor of the Presbyterian church of Minot, declared in delivering the funeral oration this afternoon. Interment was made in Rose Hill cemetery in this city today.

Out of civic respect to the memory of the deceased the curtains of business houses were drawn and the flags were flown at half-mast during the funeral hour.

Rev. Erickson chose as his text the 104th Psalm, "As for man his days are as grass; as a flower of the field so he flourishes. For the wind passes over it and it is gone, and the place thereof shall know it no more," adding that the quotation suggests the transitoriness of life.

STABS SELF IN PRISON

Condemned Man Seeks Suicide on Day Set For Death

New Orleans, May 7.—Six men, sentenced to die on Friday, were taken from the parish prison today and started on their journey to Anita, La., where the executions will take place. They were escorted by a troop of national guard.

When Warden Renshaw awakened the condemned men to dress for the trip, he found that Roy Leona of Brooklyn, N. Y., had stabbed himself with a three inch dirk. One of the wounds penetrated his lung and is regarded as serious. Leona confessed to the slaying of Dallas Calmes, who attempted to frustrate a bank robbery at Independence, La., three years ago.

FRISKY CALF CAUSES DEATH

Williston, N. D., May 7.—A frisky calf, said to have been not over ten days old, caused the death of little Olaf Lloyd, four-year-old son of Mr. and Mrs. Henry M. Hanson, at their farm home in Mont township about 17 1/2 miles northwest of this city last Friday noon, according to its formation brought here a few hours following. Randall Nesting, who teaches in the Williston district and lives with the Hansons, stated that the little boy appears to have been playing with the calf and had looped a dog chain loosely about the calf's neck and his own and had been dragged by the calf for a considerable distance and was expiring when found. Funeral services were held on Sunday afternoon, Rev. Albert Johansen officiating.

CHILD WELFARE BODIES MEET

Minneapolis, May 7.—National organizations vitally concerned with the welfare of children joined today in the second national conference on home education at the University of Minnesota here, under the call of John J. Fugert, United States Commissioner of Education.

Participating in the session were the international kindergarten union, holding its annual convention here this week, and delegates to the national Congress of Mothers and Teachers' Association in session in St. Paul.

EXPRESS HOPE FOR WORD OF MAJOR MARTIN

Searching Party Expected To Return Today if Trace of Him Is Found

Chignik, Alaska, May 7.—News concerning the fate of Major Frederick L. Martin, missing world flight commander, missing for a week, was expected here today from searching parties which left Chignik last Saturday.

Equipped for travel on land, ice or water the searching party invaded the territory northwest of Chignik where natives reported having seen an airplane overhead. These searchers, before their departure, said that if Major Martin was found in that region they hoped to return to Chignik today. Otherwise they planned to move on and search between Meek and 10 miles south of the Seal Islands, in which he said it would take a week or more to get back to Chignik.

GERMANY LEADS IN NEW BOOKS

Berne, May 7.—Germany produced more new books in 1922 than any other country, according to the international statistics of mental work prepared by Swiss statisticians. Germany brought out 35,859 new editions, Great Britain 10,642, France, 9,432 and the United States 8,538.

COOLIDGE AND G.O.P. LEADERS IN CONFERENCE

Aroused by Threats to Keep Congress in Session During Convention

Washington, May 7.—Aroused by the threat of Democratic and insurgent Republicans to hold Congress in session during the national political convention in June, President Coolidge and Republican organization leaders in the Congress today reconvened their lines in preparation for a progressive effort to clear their calendars of important legislation.

The legislative program in general and means of speeding up action was discussed by the President with Republican leaders of the House at a breakfast conference and later with Senator Lodge of Massachusetts, Republican Senate leader, and Senator Smoot, chairman of the Senate finance committee.

RAIN OR SNOW VISITS MOST PARTS OF N. D.

No Kicks Reported, Although Farm Work Is Delayed in Some Parts of State

HELPS CROPS SOWN

Weather Generally Is Considered Favorable for Farm Operations

A large part of the state has had rain or snow in the last two days, reports of the weather bureau show. Considerable snow was reported in the northern part of the state. While farm work was held up somewhat, regions where much of the planting is done welcomed both snow and rain.

Precipitation reported from weather stations in the state to the local weather bureau for the 24 hours ending at 7 a. m. today follows:

Amenia 19; Bismarck .03; Bottineau, none; Devils Lake .62; Dickinson .24; Dunn Center .30; Ellendale .25; Fessenden .38; Grand Forks .71; Jamestown .21; Langdon none; Larimore 1.20; Lisbon .11; Minot .20; Pembina none; Moorhead, Minnesota .56.

Snow was reported for Bismarck and Napoleon, and it was reported snowing at Ellendale at the time the weather report was made. Other stations reported cloudy weather.

Freezing temperatures were reported at Amenla, Napoleon, Dickinson and Dunn Center.

The weather bureau report shows precipitation occurred in the Great Lakes region, Mississippi Valley and in the Dakotas but generally fair weather prevails from the Rocky Mountain region westward to the Pacific Coast. Temperatures are slightly below normal in practically all sections and it was below freezing last night in parts of the Dakotas and northern Rocky Mountain region.

Wheat Summary

The North Dakota corn and wheat summary for the week ending May 6 follows:

"The weather conditions were generally favorable during the week and farm and other outdoor work made rapid progress. Except for small grain and alfalfa, seeding of small grain is practically completed, and considerable planting of potatoes has been done. Early sown wheat is up to good stand and color. Winter condition. Much dragging of highways is being done."

SNOW IN S. D.

Aberdeen, S. D., May 7.—A snowstorm was general over this part of South Dakota, according to reports received here today. More than an inch of snow has fallen since last night, with no indication of cessation.

REDUCE "GAS" PRICE IN WAR IN S. DAKOTA

Several Stations Today Are Selling Gasoline at Reduced Price

Sioax Falls, S. D., May 7.—Gasoline was selling at 20 cents a gallon at the filling stations of several large independent oil companies today. The other companies had already cut prices one cent to 21 cents following the first "break" yesterday.

The Standard Oil Company has reduced its filling station price one cent to meet the 21 cent price announced last yesterday by the Merchants Oil Company. The first company to reduce its price to 20 cents announced it did so to "show the contempt it held for price cutting."

DENIES RESPONSIBILITY

Washington, May 7.—(By the A. P.)—W. J. Burns, chief of the department of justice investigation bureau, today told the Senate Daugherty committee today that although he had assigned an agent to "shadow" Gaston R. Means, this man was not concerned in the disappearance of Means various documents and diaries.

Weather Report

For twenty-four hours ending at noon today.

Temperature at 7 a. m. 32

Highest yesterday 37

Lowest yesterday 23

Lowest last night 23

Precipitation03

Highest wind velocity 14

WEATHER FORECASTS

For Bismarck and vicinity: Generally fair tonight and Thursday. Continued cool. Freezing temperature tonight.

For North Dakota: Generally fair tonight and Thursday. Continued cool. Freezing temperature tonight.

ORRIS W. ROBERTS, Meteorologist.

CONTRACT FOR MANDAN ROAD PAVING GIVEN

Woodrich Construction Co. To Pave Additional Half-Mile on Highway

IS IMPORTANT LINK

Will Bring Paving From Mandan Through Northern Pacific Underpass

Contract for another important link in a concrete roadway connecting Bismarck and Mandan was let today in Mandan at the courthouse by the Highway Commission. The contract, which was let to the Woodrich Construction Company, is for paving about one-half mile of roadway from the Mandan dike, or the end of the present paving job under way there, to a point about 300 feet side of the Northern Pacific underpass. The contract price is \$24,500.

Bids Opened

Bids were opened yesterday afternoon, there being four bidders—the Woodrich Construction Company, Minneapolis; Haggart Construction Company, Fargo; Northern Construction Company, Grand Forks, and Birch and Company, Fargo. The low bid on concrete paving was roughly figured at about \$24,500 and on bitulithic paving about \$26,500.

The second stretch of paving will give a paved road of a little more than a mile, from the end of the paving on Mandan's Main street to a point about 300 feet east of the Northern Pacific underpass. With the road paved from Bismarck to the Missouri river, and this second stretch, a good, passable road will be maintained at all times between Bismarck and Mandan, since the intervening stretch is gravelled and may be kept up without difficulty.

The Main street stretch of paving in Mandan, for which the Woodrich Construction Company has the contract and on which it is now working, is about one-half mile in length. The second stretch, on which bids were received yesterday afternoon, ends from the dike at the eastern limits of Mandan to beyond the underpass. It will be a 20-foot paved roadway, compared to 18 feet between Bismarck and the bridge, and will be the full width of the underpass, which is 24 feet. The underpass roadway will be divided the same as the Bismarck side, with curb and lamp posts.

WILTON MINER ELECTED HEAD OF N. D. LABOR

John Jacobson Elected President of Federation For The Ensuing Year

John Jacobson of Wilton, a miner, was elected president of the North Dakota State Federation of Labor here late yesterday at the closing session of the convention. Other officers were named as follows:

First Vice-President—Frank M. Lohman, Bismarck.

Second Vice-President—H. E. McFall, Minot.

Third Vice-President—Mrs. Margaret Frantz, Grand Forks.

Fourth Vice-President—Adolph Bowman, Fargo.

Fifth Vice-President—James M. Murphy, Zap.

Secretary—Charles C. Johnson, Grand Forks (re-elected).

President Jacobson, First Vice-President Mithollan and Secretary-Treasurer Johnson will, under a change in the by-laws, constitute the executive board of the federation.

Fargo was voted the next year's convention which will, under another change in the by-laws, convene the second Sunday in June.

The convention, before adjournment, adopted a resolution pledging political support to the Nonpartisan League ticket in the state election, and adopted a resolution paying a glowing tribute to State Senator Bert F. Baker, who was killed in an automobile accident Saturday.

L'FOLLETTE SEEKS REST

Washington, May 7.—Senator Robert M. La Follette, Wisconsin, plans to go to Atlantic City, where he hopes to recover completely from the ill health that has kept his seat in the senate vacant almost all of the present session.

Both the regular political parties are watching with mixed emotions the third party threat involved in La Follette's role. Whether that threat will materialize depends largely on the Wisconsin senator's health.

La Follette has kept to his home for months directing from there the movements of his group in congress.

Senator La Follette probably will return to Washington before May 20 and then, if his health permits, again will take his seat in the senate.

BISMARCK BUSINESS MEN WILL WELCOME JOHN N. WILLYS HERE

Luncheon To Be Tendered to Head of Willys-Overland Company in Bismarck Friday of This Week — Large Attendance Is Expected

Bismarck business and professional men will welcome John N. Willys, president of the Willys-Overland Automobile Company and the second largest individual manufacturer of motor cars in America, to Bismarck Friday, May 9. A luncheon will be given at the Grand Pacific Hotel at 12:30 p.m. Friday.

Because of the prominence of Mr. Willys in industrial life in the nation, and his reputed ability as a speaker, it is expected that an unusually large number of business men will seek to attend the luncheon.

A. L. Bradley, secretary of the Association of Commerce, today urged that reservations for the luncheon be made early at his office.

Mr. Willys comes to Bismarck on the invitation of W. E. Lehr to attend a Willys-Overland dealers meeting, and his appearance at the luncheon Friday noon will be the only public appearance he will make. He is expected to arrive at 11:30 Friday morning.

CHURCH UNION IS VOTED BY METHODISTS

Springfield, Mass., May 7.—The unification of the Methodist Episcopal Church with the Methodist Episcopal Church South was ratified by the Methodist Episcopal church general conference today. The conference of Bishop of the Methodist Episcopal Church South is in session in Nashville, Tennessee, awaiting the conference action and the vote will be communicated to the council at once. The vote for adoption was 802 to 13.

TAX BATTLE ENTERING IN FINAL STAGES

Republican Organization Leaders Are Determined to Beat Democratic Plan

SEEKING MORE AID

Expect Members Not Present When Simmons Schedule Was Substituted. Will Help

Washington, May 7.—Party leaders maneuvered today for the final decision of the income tax rate in the revenue bill in the Senate, meeting an hour earlier than usual, took up the corporation and estate taxes in a drive to wind up consideration of the measure.

The showdown on the income schedule will come when the bill as a whole comes to a vote and those in charge of the measure sought today to get final action tomorrow or Friday.

Republicans were determined to replace the Simmons income rates, put into the bill by a Democratic-Republican insurgent coalition, with a compromise schedule. Negotiations centered on the insurgents and members who were absent at the time the Simmons schedule was adopted and from some Democrats on a compromise carrying the House rates with a maximum surtax of 37 1/2 percent.

Senator Jones, Democrat, New Mexico, was prepared to open debate today with an explanation of his substitute proposal for the corporation tax. The substitute has the endorsement of the Democratic conference, but President Coolidge let it be known yesterday that he did not favor the scheme. The Senate has already modified this to make it 14 instead of 12 1/2 percent and eliminated the special capital stock levy.

Senator Jones, Democrat, New Mexico, was prepared to open debate today with an explanation of his substitute proposal for the corporation tax. The substitute has the endorsement of the Democratic conference, but President Coolidge let it be known yesterday that he did not favor the scheme. The Senate has already modified this to make it 14 instead of 12 1/2 percent and eliminated the special capital stock levy.

CLOAK SHOP OPENS SOON

Minot Men Make Arrangements For the Opening

H. L. Glazer and N. Garrison of Minot are in the city today making arrangements for the opening of the Bismarck Cloak Shop, to be located at 214 Main street in the McKenney hotel block. The exact date of the opening of the new store depends upon the time of completion of extensive remodeling operations to the building, which includes putting in a new front.

The Bismarck Cloak Shop, which is to be managed by Mr. Garrison, will carry a full line of ladies ready-to-wear goods, they announce.

Mr. Glazer conducts the Glazer Cloak Shop in Minot, and has been in business in that city for many years. He announced that a popular priced store will be conducted here.

MEETING POSTPONED

The meeting of the state printing and publication commission, which was to have been held this afternoon to award contracts for state printing, has been postponed until Saturday.

ROBBERS BEAT DOWN CASHIER, LOOT N. D. BANK

Obtain \$1,000 in Cash From Security State Bank of Krem, Mercer County

COLLATERAL UNTOUCHED

Same Gang Believed to Have Threatened Robbery of the Bank Last Year

Fargo, May 7.—The Security State Bank of Krem, Mercer county, North Dakota, was robbed about 2 a. m. Sunday and about \$1,000 in cash taken, H. R. Peterson, adjutant from the Fargo office of the North Dakota Bankers' Association, reported this morning following his return from that town to investigate the robbery.

Two men entered the bank by breaking down the front door, overpowered the assistant cashier, who was sleeping at the bank, covered him with a gun and commanded him to throw up his hands. They then were about to blow the safe when the young banker unlocked the large door to the safe in order to save it from destruction. The robbers then forced him back to his bed while they blew the small doors of the safe with a dynamite charge, scooped up the \$1,000 in cash and escaped. No paper collateral was touched, according to Mr. Peterson.

All wires into and from the town, Mr. Peterson said, were cut. The sheriff was notified immediately following the robbery but as yet no clues as to the identity of the robbers has been found, according to Mr. Peterson.

About the same time last year while the young man was sleeping at the bank, a gang of about a dozen men entered the bank, believing to have been the same persons who robbed the bank Sunday threw a rock into the window, but did not enter the bank.

Republicans were determined to replace the Simmons income rates, put into the bill by a Democratic-Republican insurgent coalition, with a compromise schedule. Negotiations centered on the insurgents and members who were absent at the time the Simmons schedule was adopted and from some Democrats on a compromise carrying the House rates with a maximum surtax of 37 1/2 percent.

FOOLS SANITY COMMISSION

Newspaper Reporter Tests Theory Anyone Can Be Proved Insane

Des Moines, Ia., May 7.—A newspaper reporter in the mind of a new paper reporter to test the theory that any bright criminal could prove himself insane and thus escape punishment for his crimes, proved successful yesterday when John Dugan, playing the part of the "crazy man," actually was adjudged insane by the jury in a case which he had pleaded insanity and was remanded him to the state hospital at Clarinda. Efforts will be made soon to have him declared sane. It is believed the stunt was perpetrated as a newspaper feature. Details of the plot were made public before the reporter could write about his experience.

Members of the jury commission are none too well pleased about it.

SUCCESSOR TO SENATOR BAKER IS CONSIDERED

The question of selecting a successor to R. F. Baker as a candidate for Commissioner of Agriculture and Labor on the Nonpartisan League ticket may be taken up in Minot tonight or tomorrow following the last vote for Mr. Baker, who was killed in an automobile accident last Saturday. There was an abundance of Nonpartisan men here for Minot, and since the state executive committee has decided that the campaign shall go ahead, there was talk of a conference in Minot to consider the matter. Among those suggested for the place is John N. Hagen, state supervisor of grain and grain grader, who formerly held the office.

RUNNING AHEAD OF JOHNSON IN HIS OWN STATE

President Maintains Progressive Lead as Returns From Primary Come in

McADOO GOES AHEAD

Democratic Candidate For Presidential Nomination To Get Delegation

NO DISASTER, HE SAYS

San Francisco, May 7.—The result of the presidential preference primary in California in which he was defeated on the face of returns today is "no real disaster," United States Senator Hiram W. Johnson said today in a telegram from Washington to his state headquarters here.

San Francisco, May 7.—President Coolidge continued to maintain a progressive lead over United States Senator Hiram Johnson on returns from 4,482 complete precincts out of 6,974 in California's presidential primary yesterday. The vote was: Coolidge 210,018; Johnson 198,316; a lead of 11,702 for the President.

As reports on the Democratic vote continued to come, W. G. McAdoo's lead over a non-preference, or unopposed delegation mounted higher and higher, reaching early today a ratio of six to one for the former secretary of the Treasury.

On the Socialist ticket Eugene V. Debs won all votes, as did Charles H. Randall on the prohibition ticket.

WINS INDIANA

Indianapolis, May 7.—(By the A. P.)—President Coolidge's walk-away victory over Senator Hiram Johnson in the primary, giving him 53 votes more in the national convention, almost faded from the sight of political observers today with interest centered in the contest for the Republican contest for Governor, which adjourned the Ku Klux Klan issue.

Belated returns from the balloting yesterday failed to change the early standings. Ed Jackson, Secretary of State, running with Ku Klux Klan support, has far-outstripped his five opponents for the gubernatorial nomination and in doing so apparently has gained a majority vote, making his selection binding on the state convention which meets late this month. Jackson's closest opponent, Mayor Lew Shank of Indianapolis, avowed opponent of the Klan, was many thousands behind.

In the Democratic contest, interest also centered in the nominee for Governor and while Dr. Carleton McCulloch, who headed the state ticket in the last election led in the eight-man contest it was soon apparent that he would fail of a majority vote, leaving the nomination to the state convention to be held later this month. McCulloch's closest opponent was Mayor George R. Durgan of Lafayette, an anti-Klan candidate. No votes were cast by the Democrats on presidential preference.

Not only did the Klan issue bob up in the Governorship race but also in some of the Congressional contests but likewise in the race for county offices.

COOLIDGE ASKS POSTPONEMENT OF EXCLUSION

President Favors March 1, 1926, as the Effective Date for Exclusion

Washington, May 7.—The administration fight against the immigration bill provision making Japanese exclusion effective July 1 will be carried to the floor of the Senate and the House when the bill comes up for final action. President Coolidge informed Congressional leaders today as the day set as entirely too soon to permit the diplomatic arrangements that he wants to make with Japan and steps were taken immediately to line up those who sympathize with his view to oppose acceptance of the conference report.

The President favors March 1, 1926, as the effective date of the exclusion provision and he is hopeful at least that a delay of a few months from that fixed by the conference will be agreed to by Congress.

QUAKE SHOCKS ARE RECORDED

Manila, May 7.—(By the A. P.) A violent earthquake followed by six lighter shocks was recorded here this morning by the seismograph of the weather bureau. The center of the disturbance was believed to have been about 625 miles distant, probably in the Pacific Ocean. The original disturbance lasted more than an hour.

COOLIDGE LEADING IN CALIFORNIA

OPERATION IS PERFORMED TO AID A. SORLIE

Ounce of Old Blood Is Removed to Relieve Pressure on the Brain

IS RESTING WELL

Condition of Roy Frazier. Also in Hospital Here. Continues to Improve

A slight operation was performed this morning by physicians to ease pressure on the brain of A. G. Sorlie, of Grand Forks, Nonpartisan League candidate for Governor, who is suffering in a local hospital from a fractured skull and other injuries sustained in an automobile crash. Following the operation it was stated that the patient was resting quietly, and his pulse and temperature are nearly normal.

The condition of Mr. Sorlie continued to fluctuate at intervals since yesterday morning. Marked improvement was seen early last evening, when a setback was suffered again during the night. There was generally more optimism felt about his condition last night and today, however, than at any time since the accident Saturday.

The bulletin issued by Dr. E. P. Quinn at the Bismarck Hospital at 11 a. m. today became more restless again during the night. In view of the continued symptoms of pressure on the brain a spinal puncture was made this morning. One ounce of old blood which had escaped from the fracture in the skull, was removed. The patient is resting quietly since the operation. Pulse and temperature are nearly normal.

With respect to Roy Frazier, injured in the same accident, Dr. Quinn said: "Mr. Frazier has intermittent periods of severe headaches, but his general condition continues to improve."

No visitors have as yet been admitted to the sick rooms. Many floral bouquets have been received at the hospital for the patients.

Hospital Last Night

The condition of Mr. Sorlie was such last night that Dr. E. P. Quinn, in charge of the case, for the first time yielded to anything akin to prediction and indicated he was hopeful of Mr. Sorlie's condition, while he felt that Mr. Frazier's recovery was probable in the absence of any untoward symptoms developing later.

"Mr. Sorlie is about the same as earlier in the day," Dr. Quinn said at 7 o'clock last night. "The fact that he is not getting any worse and the absence of any signs of increased intracranial pressure is a hopeful condition. He has some new pains but they are minor."

"Mr. Frazier is also about the same, and improving more rapidly than Mr. Sorlie. I feel confident that Mr. Frazier will improve rapidly, and his recovery is probable."

Dr. Quinn reiterated his bulletin of earlier in the day when he said that Mr. Sorlie "is somewhat improved" and added that "No special measures have as yet been required to overcome the intracranial pressure."

Denial was made by Dr. Quinn of reports that no operation was undertaken because of the condition of Mr. Sorlie's heart. While he said Mr. Sorlie "has a bad heart" the operation had not been attempted because it was not necessary to take special measure to relieve the brain pressure.

Mrs. Sorlie, who has been an almost constant companion of her husband, felt much encouraged, last night, and left his hospital to dine with friends.

M'LEAN GOES BEFORE GRAND JURY IN PROBE

Washington Publisher Called. Also Harry Sinclair's Personal Counsel

Washington, May 7.—Edward B. McLean, publisher of the Washington Post, and J. W. Zevely, counsel for Harry F. Sinclair, were called as witnesses today before the special oil grand jury in the District of Columbia supreme court.

McLean was required under his subpoena to produce all telegrams and letters exchanged between himself and Albert B. Fall, former Secretary of the Interior, and principal figure in the Senate oil inquiry.

This correspondence and McLean's private telegrams have been the subject of an exhaustive examination by the Senate oil committee. McLean testified before the Senate investigators that he had agreed at the request of Fall to say he had loaned the former cabinet officer \$100,000 cash instead of giving him revised checks for that amount. At the same time the publisher denied any knowledge with respect to the oil leases or the actual source of the loans which he subsequently learned Fall had obtained from Edward L. Doheny, lessee of naval reserve No. 1.

It was a crowd with tear-dimmed eyes that witnessed the funeral services for the great Duse at the Church of St. Vincent Ferrer, New York. From all walks of life they came to pay their last respects before the body was placed aboard a liner and taken to Rome.

SEN. BAKER'S CHARACTER IS GIVEN PRAISE

Minot Pastor, at Funeral Services, Pays Glowing Tribute to Deceased

Minot, N. D., May 7.—A deep sincere sympathy for the poor and ardent love for education, and a genuine desire to be of help to his fellow men were the three great outstanding characteristics of the late Senator Bert F. Baker of Glenburn, who was buried here this afternoon.

The Rev. Paul Erickson, pastor of the Presbyterian church of Minot, declared in delivering the funeral oration this afternoon. Interment was made in Rose Hill cemetery in this city today.

Out of civic respect to the memory of the deceased the curtains of business houses were drawn and the flags were flown at half-mast during the funeral hour.

Rev. Erickson chose as his text the 103rd Psalm, "As for man his days are as grass; as a flower of the field so he flourishes. For the wind passes over it and it is gone and the place thereof shall know it no more," adding that the quotation suggests the "transitoriness of life."

Precipitation reported from weather stations in the state to the local weather bureau for the 24 hours ending at 7 a. m. today follows:
Amenia 19; Bismarck .03; Bottineau none; Devils Lake .02; Dickinson 24; Dunn Center .30; Ellendale .25; Fessenden .38; Grand Forks .71; Jamestown .21; Langdon none; Laramie 1.20; Lisbon .11; Minot .25; Pembina none; Moorhead, Minnesota .06.

Snow was reported for Bismarck and Napoleon, and it was reported snowing at Ellendale at the time the weather report was made. Other stations reported cloudy weather.

Freezing temperatures were reported at Amenia, Napoleon, Dickinson and Dunn Center.

The weather bureau report shows precipitation occurred in the Great Lakes region, Mississippi Valley and in the Dakotas but generally fair weather prevails from the Rocky Mountain region westward to the Pacific Coast. Temperatures are slightly below normal in practically all sections and it was below freezing last night in parts of the Dakotas and northern Rocky Mountain region.

Wheat Summary
The North Dakota corn and wheat summary for the week ending May 6 follows:

The weather conditions were generally favorable during the week and farm and other outdoor work made rapid progress. Except for small grain and speltz, spring seeding of small grain is practically completed. Plowing for corn is well advanced, and considerable planting of potatoes has been done. Early sowing of corn to good stand and color. Winter condition. Much dragging of highways is being done.

SNOW IN S. D.
Aberdeen, S. D., May 7.—A snowstorm was general over this part of South Dakota, according to reports received here today. More than an inch of snow has fallen since last night, with no indication of cessation.

REDUCE "GAS" PRICE IN WAR IN S. DAKOTA

Several Stations Today Are Selling Gasoline at Reduced Price

Sioux Falls, S. D., May 7.—Gasoline was selling at 20 cents a gallon at the filling stations of several large independent oil companies today, while other companies had already cut prices one cent to 21 cents following the first "break" yesterday.

The Standard Oil Company has reduced its filling station price one cent to meet the 21 cent price announced yesterday by the Merchants Oil Company. The first company to reduce its price to 20 cents announced it held for price cutting.

DENIES RESPONSIBILITY
Washington, May 7. (By the A. P.)—W. J. Burns, chief of the department of justice investigation bureau, told the Senate Daugherty committee today that although he had assigned an agent to "shadow" Gaston B. Means, this man was not concerned in the disappearance of Means' various documents and diaries.

Weather Report

For twenty-four hours ending at noon today.
Temperature at 7 a. m. 33
Highest yesterday 37
Lowest yesterday 23
Lowest last night 23
Precipitation03
Highest wind velocity 14

WEATHER FORECASTS
For Bismarck and vicinity: Generally fair tonight and Thursday. Continued cool. Freezing temperature tonight.

For North Dakota: Generally fair tonight and Thursday. Continued cool. Freezing temperature tonight. ORRIS W. ROBERTS, Meteorologist.

CONTRACT FOR MANDAN ROAD PAVING GIVEN

Woodrich Construction Co. To Pave Additional Half-Mile on Highway

IS IMPORTANT LINK

Will Bring Paving From Mandan Through Northern Pacific Underpass

Contract for another important link in a concrete roadway connecting Bismarck and Mandan was let today in Mandan at the courthouse by the Highway Commission. The contract, which was let to the Woodrich Construction Company, is for paving about one-half mile of roadway from the Mandan dike, or the end of the present paving job under way there, to a point about 300 feet this side of the Northern Pacific underpass. The contract price is \$24,500.

Bids Opened
Bids were opened yesterday afternoon, there being four bidders—the Woodrich Construction Company, Minneapolis; Haggar Construction Company, Fargo; Northern Construction Company, Grand Forks, and Birch and Company, Fargo. The low bid on concrete paving was roughly figured at about \$24,500 and on bituthick paving about \$20,500.

The second stretch of paving will give a paved road of a little more than a mile, from the end of the paving on Mandan's Main street to a point about 300 feet east of the Northern Pacific underpass. With the road paved from Bismarck to the Mandan river crossing, this second stretch, a good, passable road will be maintained at all times between Bismarck and Mandan, since the intervening stretch is gravelled and will be kept up without difficulty.

The main stretch of paving in Mandan, for which the Woodrich Construction Company has the contract and on which it is now working, is about one-half mile in length. The second stretch, on which bids were received yesterday afternoon, ends from the dike at the eastern limits of Mandan to beyond the underpass. It will be a 20-foot paved roadway, compared to 18 feet between Bismarck and the bridge, and will be the full width of the underpass, which is 24 feet. The underpass roadway will be divided the same as on the Bismarck side, with curb and lamp posts.

Republican Organization Leaders Are Determined to Beat Democratic Plan

SEEKING MORE AID

Expect Members Not Present When Simmons Schedule Was Substituted, Will Help

Washington, May 7.—Party leaders maneuvered today for the final decision of the income tax rate in the revenue bill as the Senate, meeting an hour earlier than usual, took up the corporation and estate taxes in a drive to wind up consideration of the measure.

The showdown on the income schedule will come when the bill as a whole comes to a vote and those in charge of the measure sought today to get final action tomorrow or Friday.

Republicans were determined to replace the Simmons income tax rates, put into the bill by a Democratic-Republican insurgent coalition, with a compromise schedule. Negotiations centered on the insurgents and additional aid was expected from members who were absent at the time the Simmons schedule was adopted and from some Democrats on a compromise carrying the House rates with a maximum surtax of 37 1/2 percent.

Senator Jones, Democrat, New Mexico, was prepared to open debate today with an explanation of his substitute proposal for the corporation tax. The substitute has the endorsement of the Democratic conference, but President Coolidge let it be known yesterday that he did not favor the scheme. The Senate has already modified this to make it 14 instead of 12 1/2 percent and eliminated the special capital stock levy.

CLOAK SHOP OPENS SOON

Minot Men Make Arrangements For the Opening

H. L. Glazer and N. Garrison of Minot are in the city today making arrangements for the opening of the Bismarck Cloak Shop, to be located at 214 Main street in the McKenzie hotel block. The exact date of the opening of the new store depends upon the time of completion of extensive remodeling operations to the building, which includes putting in a new front.

The Bismarck Cloak Shop, which is to be managed by Mr. Garrison, will carry a full line of ladies ready-to-wear goods, they announce.

Mr. Glazer conducts the Glazer Cloak Shop in Minot, and has been in business in that city for many years. He announced that a popular priced store will be conducted here.

MEETING POSTPONED
The meeting of the state printing and publication commission, which was to have been held this afternoon to award contracts for state printing, has been postponed until Saturday.

L'FOLLETTE SEEKS REST

Washington, May 7.—Senator Robert M. La Follette, Wisconsin, plans to go to Atlantic City, where he hopes to recover completely from the ill health that has kept his seat in the senate vacant almost all of the present session.

Both the regular political parties are watching with mixed emotions the third party threat involved in La Follette's role. Whether that threat will materialize depends largely on the Wisconsin senator's health.

La Follette has kept to his home for months directing from there the movements of his group in congress. Senator La Follette probably will return to Washington before May 20 and then, if his health permits, again will take his seat in the senate.

BISMARCK BUSINESS MEN WILL WELCOME JOHN N. WILLYS HERE

Luncheon To Be Tendered to Head of Willys-Overland Company in Bismarck Friday of This Week — Large Attendance Is Expected

Bismarck business and professional men will welcome John N. Willys, president of the Willys-Overland Automobile Company and the second largest individual manufacturer of motor cars in America, to Bismarck Friday, May 9. A luncheon will be given at the Grand Pacific Hotel at 12:30 p. m. Friday.

Because of the prominence of Mr. Willys in industrial life in the nation, and his reputed ability as a speaker, it is expected that an unusually large number of business men will seek to attend the luncheon and that reservations for the luncheon be made early at his office.

Mr. Willys comes to Bismarck on the invitation of W. E. LaBr to attend a Willys-Overland dealers meeting, and his appearance at the luncheon Friday noon will be the only public appearance he will make. He is expected to arrive at 11:30 Friday morning.

Governor R. A. Nestos and Mayor A. P. Lenhart will sit at the table with Mr. Willys Friday noon, to give an official welcome to the city, and President W. H. Webb of the Association of Commerce will welcome him on behalf of citizens of the city generally. Mr. Willys will be accompanied by L. G. Poed, general sales manager of the Willys-Overland Company, and as such in charge of the sales of one of the largest industries in the country.

CHURCH UNION IS VOTED BY METHODISTS

Springfield, Mass., May 7.—The unification of the Methodist Episcopal church with the Methodist Episcopal Church South was ratified by the Methodist Episcopal church general conference today. The conference of Bishop of the Methodist Episcopal Church South is in session in Nashville, Tennessee, awaiting the conference action and the vote will be communicated to the council at once. The vote for adoption was 802 to 13.

TAX BATTLE ENTERING IN FINAL STAGES

Republican Organization Leaders Are Determined to Beat Democratic Plan

SEEKING MORE AID

Expect Members Not Present When Simmons Schedule Was Substituted, Will Help

Washington, May 7.—Party leaders maneuvered today for the final decision of the income tax rate in the revenue bill as the Senate, meeting an hour earlier than usual, took up the corporation and estate taxes in a drive to wind up consideration of the measure.

The showdown on the income schedule will come when the bill as a whole comes to a vote and those in charge of the measure sought today to get final action tomorrow or Friday.

La Follette has kept to his home for months directing from there the movements of his group in congress. Senator La Follette probably will return to Washington before May 20 and then, if his health permits, again will take his seat in the senate.

RUNNING AHEAD OF JOHNSON IN HIS OWN STATE

President Maintains Progressive Lead as Returns From Primary Come in

McADOO GOES AHEAD

Democratic Candidate For Presidential Nomination To Get Delegation

NO DISASTER, HE SAYS

San Francisco, May 7.—The result of the presidential preference primary in California in which he was defeated on the face of returns today is "no real disaster," United States Senator Hiram W. Johnson said today in a telegram from Washington to his state headquarters here.

San Francisco, May 7.—President Coolidge continued to maintain a progressive lead over United States Senator Hiram Johnson in returns from 1,482 complete precincts out of 6,974 in California's presidential primary yesterday. The vote was: Coolidge 210,018; Johnson 198,316, a lead of 11,702 for the President.

As reports on the Democratic vote continued to come, W. G. McAdoo's lead over a non-preference, or unstructured delegation mounted higher and higher, reaching early today a ratio of six to one for the former secretary of the Treasury.

On the Socialist ticket Eugene V. Debs won all votes, as did Charles H. Randall on the prohibition ticket.

WINS INDIANA
Indianapolis, May 7.—(By the A. P.)—President Coolidge's walk-away victory over Senator Hiram Johnson in the primary, giving him 33 votes more than the Republican ticket, more faded from the sight of political observers today with interest centered in the contest for the Republican contest for Governor, which attacked the Ku Klux Klan issue.

Belated returns from the balloting yesterday failed to change the early standing of the Republican ticket of State, running with Ku Klux Klan support, has far-outstripped his five opponents for the gubernatorial nomination and in doing so apparently has gained a majority vote, making his selection binding on the state up to general election day, later this month, Jackson's closer opponent, Mayor Lew Shank of Indianapolis, favored opponent of the Klan, was many thousands behind.

In the Democratic contest, interest also centered in the nominees for Governor and while Dr. Carleton McCulloch, who headed the state ticket in the last election led in the eight-man contest it was soon apparent that he would fail of a majority vote, leaving the nomination to the state convention to be held later this month. McCulloch's closest opponent was Mayor George R. Durgan of Lafayette, an anti-Klan candidate. No votes were cast by the Democrats on presidential preference.

Not only did the Klan issue bob up in the Governorship race but also in some of the Congressional contests but likewise in the race for county offices.

COOLIDGE ASKS POSTPONEMENT OF EXCLUSION

President Favors March 1, 1926, as the Effective Date for Exclusion

Washington, May 7.—The administration fight against Japanese exclusion effective July 1 will be carried to the floor of the Senate and the House when the bill comes up for final action. President Coolidge informed Congressional leaders today as the day set as entirely too soon to permit the diplomatic arrangements that he wants to make with Japan and steps were taken immediately to line up those who sympathize with his view to oppose acceptance of the conference report.

The President favors March 1, 1926, as the effective date of the exclusion provision and he is hopeful at least that a delay of a few months from that fixed by the conferees will be agreed to by Congress.

SUCCESSOR TO SENATOR BAKER IS CONSIDERED

The question of selecting a successor to B. F. Baker as a candidate for Commissioner of Agriculture and Labor on the Nonpartisan League ticket may be taken up in Minot tonight or tomorrow following the last rites for Mr. Baker, who was killed in an automobile accident last Saturday. There was an exodus of Nonpartisans from here for Minot, and since the state executive committee has decided that the campaign shall go ahead, there was talk of a conference in Minot to consider the matter. Among those suggested for the place is John N. Hagen, state supervisor of grains and grain grades, who formerly held the office.

QUAKE SHOCKS ARE RECORDED

Manila, May 7.—(By the A. P.) A violent earthquake followed by six lighter shocks was recorded here this morning by the seismograph of the weather bureau. The center of the disturbance was believed to have been about 625 miles distant, probably in the Pacific Ocean. The principal disturbance lasted more than an hour.

MARKET NEWS

WHEAT GAINS
LITTLE TODAYDecrease in Acreage Is Bull-
ish Talk

Chicago, May 6. Wheat averaged higher in price today during the early dealings. Talk of 10 percent decrease in the wheat acreage of Saskatchewan was a bullish factor, and so, too, was gossip about likelihood of a prolonged strike in Argentina. Besides production, were current that Europe would require liberal supplies of wheat before harvest. The opening here which varied from unchanged figures to three eighths cents higher, with May, \$1.01 1/2, to \$1.02 1/2, and July \$1.02 1/2 to \$1.03 1/2, and then by a moderate general upturn.

Wheat prices held up well in the later trading. Baving power was broader than recently. Closing quotations were firm 3/4 to 1/2 cent higher. May \$1.01 1/2 to \$1.02 1/2, and July \$1.02 1/2 to \$1.03 1/2.

THE STATE'S OLDEST NEWSPAPER
(Established 1873)

JUST AN INDICATION

Henry Reade, state fire marshal, in a recent trip over the state secured an interesting analysis of the relative value of farm products which is a most potent argument for diversification upon the farms. It was handed to him by Theo. Kahellek, proprietor of the Hotel Irvin, Kenmare, N. D., and is headed "DO YOU KNOW?"

This business man after analyzing his food purchases for the year of 1923 found that approximately 60% of the cost of all things we eat come from the cow, hog or chicken and that the cow alone furnishes 40%. He says in a little leaflet just issued:

"While making up my books for 1923 I took a little extra time and separated the amounts I paid out for the different articles of food, and found that I had bought the following:

BEEF AND VEAL.....	\$ 4,000.00
MILK AND CREAM.....	3,350.00
BUTTER.....	1,800.00
CHEESE.....	100.00

TOTAL FROM THE COW.....	\$ 9,250.00
EGGS.....	1,325.00
POULTRY MEATS.....	600.00

TOTAL FROM POULTRY.....	\$ 1,925.00
PORK, MEATS AND LARD.....	2,600.00

TOTAL FROM COWS, HOGS AND CHICKENS.....	\$13,775.00
FLOUR.....	360.00
BREAD AND BAKERY.....	720.00

TOTAL FROM WHEAT.....	\$ 1,080.00
SUGAR.....	800.00
COFFEE.....	800.00
ALL OTHER PROVISIONS.....	6,665.00

TOTAL COST OF ALL PROVISIONS.....\$23,120.00
"It is noticed that the wheat and baked bread make up about 4 1/2% of the whole, and if baked bread was not purchased, the total amount of flour used would not exceed 3%, or less than the sugar or coffee.

"Also, that the butter costs three times as much as the flour does; the milk and cream six times as much as the flour.

"These figures have interested me, and being that we are all interested in farm products, I thought they may interest others."

These figures are vastly interesting to the man who has turned away from the single crop idea as they show graphically the demand for meat and dairy products. They should be compelling evidence to the farmer who still clings to wheat to the exclusion of other products.

CLOSED BANKS

With the closing of the Capital Trust and Savings Bank of St. Paul, interest is diverted somewhat from the strictly rural sections of the Northwest and shows clearly that this state's financial difficulties as reflected in its closed banks are small in the aggregate when compared to what obtains in some of the larger centers.

The merger of the Merchants National and Capital National of St. Paul comes as an aftermath of the failure of the Capital Trust Company and did much to steady a condition that might have grown serious.

Few sections of the nation which depends solely upon agricultural products for business activity are in as good condition as this state. North Dakota is fast emerging from the reaction of closed banks whose affairs are being economically administered under the supervision of the Supreme Court designated by the legislature to see that all interests are safeguarded.

Despite the rather extreme picture drawn by Garet Garrett in the Saturday Evening Post in his article entitled: "That Pain in the Northwest," the Northwest is not broke. Few who know real conditions took the extreme statements in that article as typical of the financial situation in the Northwest.

The situation in St. Paul was brought about by "frozen assets." While St. Paul papers dismiss the failure as due to holdings in Montana and North Dakota mortgages there are doubtless other underlying causes for the closing of this institution which the examination now pending will disclose.

Those sections which have learned the lesson of diversification and whose farmers know that there is no substitute for hard work and businesslike methods are successful. There are few closed banks where cows are being milked, poultry raised and hogs fattened for the market. This immediate section of North Dakota is demonstrating what can be done through diversification.

HOMES

The British government considers a plan to build two and a half million homes to end the housing shortage. The government would furnish the money and either rent the homes or sell them to families on long-time installments.

This is subsidy. If a similar program were suggested for America, a cry of "Socialism!" would go up from certain quarters that shout approval when subsidy is advocated for capital-subsidized merchant marine, for instance.

OIL

Fifteen years ago the consumption of crude oil in America was two barrels a year for every man, woman and child. Now the figures are six and a half barrels a year.

There is still a tremendous reserve of oil underground. But it is being drained steadily. Some experts predict a shortage of oil within 20 years. What then? Science will answer. Alcohol may take the place of gasoline, for motor fuel, long before the oil is exhausted.

EDITORIAL REVIEW

Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

STENOGRAPHERS AND SENATORS' WIVES

The other day the wives of three United States senators called upon the District of Columbia zoning board to protest against the building of a two and three-room apartment house in the Sheridan Circle section on the ground that it would be "filled with government clerks, stenographers and other undesirable."

The Sheridan Circle is a fashionable section where senators' wives live. Just how they would suffer through the proximity of anything so "undesirable" as a stenographer is not plain but it may be surmised.

In appearance, dignity, poise, it is quite possible that the stenographer might be taken for a senator's wife; or a senator's wife for a stenographer. Even in the matter of intellectuality and charm the mistake might easily be made—and that ought not to be tolerated in America.

A cabinet lady's recent insistence that the clerks in the department wear uniforms was probably suggested by the grave danger that a clerk might be taken for a cabinet officer or a member of the cabinet for a clerk.

Would it not be well to have the ladies of the dignitaries labelled with streamers—"I am the wife of a senator" or "I am the wife of a cabinet officer"? It might spare the stenographers much annoyance, since it seems so difficult for the average person to discriminate from appearance or conversation.

—New York Evening Mail.

LINCOLN'S FACE

Almost the only American writer who has publicly taken ground against the popular belief concerning Lincoln's personal appearance was Nicolay, Lincoln's private secretary, who says that to him "there was no oddity, eccentricity, awkwardness or grotesqueness in his face, figure or movement"; that on the contrary, "he was prepossessing in appearance when the entire man was fairly considered, mentally and physically, unusual height and proportion, and general movement in body and mind."

Moreover, it appears from the testimony of T. H. Bartlett that French artists were quick to recognize and appreciate the beauty of Lincoln's face. It is to Frenchmen, he contends, that is due the credit of first seeing the true beauty of the first mask in Lincoln, of appreciating it, and describing it.

When Bartlett took a plaster copy, in 1877, to the oldest Paris bronze founder to get it cast in bronze, he put it down on the table with the side of a mask of Abbe Lamennais. The first words of the founder were:

"What a beautiful face! Why, it's more beautiful and shows more character than the abbe's, and we think that is the handsomest one I have seen. What an extraordinary construction, and what fine forms it has!"

Then the founder asked who it was, and added, "I shall take pleasure in showing it to our principal sculptors." Some weeks afterward when Mr. Bartlett went to get the bronze copy, the founder told him that the sculptors he had referred to and others had seen the Lincoln, and had expressed themselves in the most appreciative terms of what they saw in it.

COMMERCE OUTLOOK IS BRIGHTER

Cleveland, O., May 7.—(By the A. P.)—Virtually all economic factors pointed to a quick, healthy expansion of world commerce as soon as business confidence in America is restored by a clearer definition of governmental relationship to business, Julius H. Barnes, president of the United States Chamber of Commerce, predicted today in his annual address to the 12th annual convention of the Chamber. Approximately 3,000 representatives of business organizations are attending the four-day sessions. Rehabilitation of European commerce, which is expected to result from the operations of the Dawes report on German finances was pointed to by Mr. Barnes as perhaps the most hopeful sign on the horizon of world industry. At home, he pointed to the recuperating agricultural industry and a perceptible stabilization of the public sentiment toward business as token of continued prosperity.

The present tendency toward retrenchment, he said, was due almost entirely to financial uncertainty growing out of the present governmental situation in Washington, in which policies in taxation and transportation, the two fundamental factors in the industrial life of the nation, are awaiting determination. The decision will clear the track for business to proceed at full speed, if it is not made too late, Mr. Barnes said.

Almost without exception, the countries of Europe today are making noticeable progress toward political and economic stability, he said.

TEXAS BANK CLOSES

El Paso, Tex., May 7.—The El Paso City National Bank, one of the Southwest's largest institutions, failed to open its doors today. The bank, it was understood, was in a weakened condition due to frozen paper. The bank was saved from closing three months ago when one million dollars in gold was transferred to the institution from the vaults of the federal reserve bank here.

250 CUBANS IN NEW REVOLT

Havana, Cuba, May 7.—(By the A. P.)—Approximately 250 men are in revolt against the Zayas government in Oriente province, it was learned today. One band of 150 is operating near Baire, west of San Diego de Cuba and another of 100 around Yateras, near Guanatanamo.

Loneliest Out-Post Is On Kara Sea

Leningrad, May 7.—What is said to be the most lonely outpost in the world for human beings has been set up at Kara, on the Kara sea, an arm of the Arctic, in the form of a wireless and hydro-meteorological station. The Kara sea is blocked by ice the greater part of the year, being passable for ships during only a few weeks in summer. The Academy of Sciences in Leningrad announced recently that four smaller stations also had been established on the Kara sea by the Soviet government, each of these being combined with a hydro-meteorological bureau. The wireless station at Kara keeps in touch with vessels in Polar waters and sends out weather forecasts regularly. There are but two men at the station and because of the ice and weather conditions, it is possible to send them supplies only once every year. The chief recreation of the meteorologists and wireless operators is hunting and fishing.

Butter Has World Wide Price Guage

San Francisco, May 7.—Butter, like gold, has a world-wide standard of value, it is pointed out in a review of the 1923 market by the California Dairy Council. The review says: "Milk may be produced, manufactured into butter and sold to a housewife within a radius of ten miles, but the price of that butter is determined by conditions in the four corners of the world. "No other article of commerce, except the precious metal, is so uniform the world around as the product of the dairy cow, of which butter fat is the foundation. Whether it comes from New Zealand, or Nova Scotia, Denmark, Wisconsin or California, it is simply butter when it reaches the markets of New York, Chicago and San Francisco, and the prices in all cities, with due allowance for slight freight rate differentials, are practically the same. "During 1923 average prices of dairy products throughout the country increased—butter 17 percent, cheese 13 percent, condensed milk 10 percent, and marketed milk 17 percent."

The dairy council said butter increased in almost the same proportion.

Keep Them Ship Shape

Inactive kidneys pile up trouble. They should be given a good flushing with the aid of a diuretic stimulant, having a mild tonic effect—not due to harmful drugs.

"GAS" PRICE WAR OPENS

Waterbury, S. D., May 7.—(By the A. P.)—The opening move by independent distributors of South Dakota to test the attitude of the so-called big oil concerns toward a reduction of the retail price in this state will be made here tomorrow when the Coddington County Oil Company will begin selling gasoline at 23 cents, according to an announcement today by M. R. Baskerville, president of the company. The present price is 24 cents.

A Thought

In your patience possess ye your soul.—Luke 21:19.

To know how to wait is the great secret of success.—De Maistre.

C. T. U. Holds Regular Meeting

The monthly meeting of the W. C. U. was held yesterday afternoon at the home of Mrs. Richard Fenderson, with Mrs. Sara Ankenmann, acting. Devotionals were read by Mrs. George Register. Many beautiful tributes to Mother were given during the response to roll call. Reports from various committees were given. Elizabeth Suchow is chairman of the public drinking fountain, which was presented to the city by Women's Christian Temperance Union had been installed in the city, as a memorial from the W. C. U. A bracket remains to be placed around the fountain with the inscription, W. C. T. U. 1924.

This is Jubilee Year, celebrating 50th anniversary of the founding of the organization. Plans are being made for a Jubilee meeting to be held in the future. Following the business meeting, C. F. Strutz gave a very forceful and instructive address on "The opportunity for Community Service." Mrs. J. L. Hughes sang two numbers, "My Mother" and "Other Mothers." Dorothy Edson of "The Two Offerings" and "His Brother." Mrs. Arthur Tavis Mandan, read Foley's "Echo of Song," following which refreshments were served by the hostess, assisted by her daughter, Mrs. Arthur Tavis.

ENTER EVENTS
 Several high school girls will go Fargo with Miss Mae Walker, director of girls' physical training, to enter in state inter-scholastic track and baseball events. They include: Gertrude McLaughlin, Anabelle Simpson, Alice Larson, Dorothy Scott, Edna Stading, Hilda Hult, Grace Clark and Jean Eaton, bassonist.

Gets Promotion
 Len E. McGinty, who has been assistant manager of the Northern Lumber Company, and continued in position after the plant was taken over by Armour Creameries recently, has been promoted to the position of assistant manager of the plant at Creston, Iowa. The plant is considerably larger than the Bismarck plant. Mr. McGinty and family will leave Bismarck for Creston by automobile. His successor has not been named.

LADIES AID MEETING
 The Ladies Aid Society of the Lutheran church will meet in church parlors, Thursday afternoon, May 8. Mrs. Barth and Mrs. Wray will be hostesses. Members and friends of the society are urged to be present at this time.

L. T. L. Meeting
 There will be a regular meeting of the L. T. L. tomorrow afternoon at the Baptist Church immediately after school, 4:15 p. m. All members are urged to bring their dues and as the money must be paid to the local treasurer. All members asked to be present.

Trinity Lutheran Ladies Aid
 The Ladies Aid of the Trinity Lutheran Church will hold their regular meeting in the church parlors tomorrow afternoon at 2:30. Visitors for the afternoon are: J. A. Hyland, Mrs. L. A. Hoff and Mrs. A. Rasmussen. All are given cordial invitation to attend.

To Hold Annual Meeting
 The Women's Mission Circle of the Roman Catholic Church will have its annual meeting, Thursday evening, May 8. Rev. Father of Goodrich, Dak. will be the speaker of the evening. The public is cordially invited.

Painting Exhibition
 Miss Elizabeth Hoppel has an exhibition in a window of A. W. Lucas Company painting. Miss Hoppel has won considerable praise for her skill in painting.

Returns from Visit
 Mrs. E. M. Handrick and baby sister who have been visiting Mrs. Handrick's parents in Aberdeen, S. D., for the past three weeks, returned home Saturday night.

Federated Clubs Strive To Make Bi-ennial Paying

With each of the 17,000 club women at the California Federation of Women's Clubs contributing 50 cents toward expenses of the biennial convention of the General Federation of Women's Clubs in Los Angeles in June the California hostesses expect the convention to be one of the first in California to be economically independent. The whole state will join to act as hostess to the delegates from all over the country; no outside financial aid will be sought.

San Francisco is planning a full week post-biennial entertainment. Among the features will be a visit to Luther Burbank's famous experimental gardens at Santa Rosa; a drive to Monterey, Pacific Grove and Carmel Mission; a trip to Chinatown; and a trip to the University of California and Leland Stanford.

Censorship Convention Issue
 "What shall be done about censorship?" is the question the motion picture department of the federation will bring before delegates to the convention. Mrs. Harry Lilly, chairman of the department, plans to have several motion picture stars of "spotless reputation" appear on the program.

Helen H. Gardner, Washington, of the civil service commission, will explain the merit system before the convention to show that the type of person who gets his job by examination instead of political appointment, is not the kind that can be bribed or swayed from the path of stern duty. The federation expects to launch a movement to place law enforcement officers under civil service.

A number of delegates will leave this state to join the special train at Saint Paul, which leaves May 27, and goes by way of Kansas City and the Grand Canyon. Those going by way of Omaha, will leave St. Paul Thursday, May 29 and go by way of Salt Lake City. Several of the local clubs will have delegates at this biennial convention.

To Present Play Tomorrow Night

The World Wide Guild of the First Baptist Church will present the play, "A Willing Captive in Japan" tomorrow evening at 8 o'clock in the Baptist church. The proceeds from this play are to be used in promoting the fund for missionary work. The same play was given at Menoken last Saturday evening to a large audience.

Many Respond To Park Call

Generous response has already been made to the invitation extended a few days ago to citizens generally to contribute plantings to assist in the beautification of Custer Park, which the committee in charge hopes to make a garden spot to be enjoyed by everyone in the city. Mrs. Thomas Phelps donated iris bulbs, Mrs. R. H. Thistlethwaite gave shrubs and Mrs. S. S. Clifford volunteered dahlias. Many fraternal and other organizations have already made donations. Mrs. W. E. Cole, pleased with the help already given, said today that additional plantings would be welcome, and may be made to her.

Hospital Day To Be Observed

St. Alexius hospital will observe Hospital Day, May 12, by having an open house for visitors from two to five in the afternoon. All babies born in the hospital during the past year and their mothers are cordially invited. Nurses will be provided to weigh the babies and any information requested in regard to their care and feeding will be given.

Baptist Ladies Aid
 The Baptist Ladies Aid will meet Thursday afternoon with Mrs. H. W. Payne, 122 West Broadway. Members are asked to bring thimbles.

Postpone Meeting
 St. Joseph (West end) Missionary Society will postpone their regular meeting on account of their Sodality Card Party which will be given tomorrow evening.

CARD PARTY, DANCE
 A card party and dance will be given by St. Mary's Sodality on Thursday evening, May 8, at St. Mary's Auditorium and gymnasium. The S. R. President Madison band will furnish music.

METHODIST AID SOCIETY
 The fourth division of the Methodist Aid Society will meet on Thursday afternoon with Miss Welborn, 215 West Thayer. The members are requested to be present if possible and members of the other divisions are extended a cordial invitation to come.

BISMARCK PORTRESS NO. 5, L. A. M. I. O. O. F.
 The Ladies' Auxiliary Patriarchs will meet on Thursday night at the regular hour. All ladies are requested to be present and in uniform.

Attractive Fringe

Fringe has been used with unusually good effect on this frock of beige crepe embellished with brown embroidery. The fringe is of alternate stripes of beige and brown. The line of the tunic is very smart and could be used on a less elaborate frock, edged with self material instead of fringe.

CITY NEWS

Hismarck Hospital
 Admitted to the Bismarck hospital for treatment: Alfred Benson, Drake; Mrs. C. E. Wilcox, Cannonball; Jacob Ruchenberg, Hazen; Adnan Sailer, Stanton. Discharged: Gustav Fristad, Mandan; Miss Hardy Jackson, city; Mrs. Pratt Dunn, Shields; Mrs. H. D. Shaft and baby girl, city; Mrs. E. E. Sempel and baby boy, Washburn.

DR. LA ROSE INSTALLED AS ROTARY HEAD

New Officials of Local Club Inducted Into Office at Noon Luncheon

Dr. V. J. LaRose was installed today as the fourth president of the Bismarck Rotary club. He was escorted to the chair by Past President Bell and Finney who were ordered by H. J. Duemeland, retiring president to bring "Vic" in on "their shoulders." The performance was hardly gracefully done, but the two Rotarians managed to keep the president's feet off the ground on his journey to the head of the table.

Dr. LaRose was presented with a novel gavel by Mr. Duemeland. The retiring president also gave to the club a gong to add the new president in preserving order. In a short address Mr. Duemeland thanked retiring officers and the various committees for their cooperation during the past year.

J. L. Bell for the past president's honor, welcomed Mr. Duemeland into this group and gave him a diamond Rotary pin such as is worn by past presidents.

Other officers installed were: Vice-president, George Will; secretary, Ray Bergeron; treasurer, Phil Meyer; sergeant-at-arms, John French and assistant sergeant-at-arms, Birlea Ward.

Mr. Bergeron and Mr. Meyer succeeded themselves and their past services were eulogized by the retiring president.

L. S. Craswell for the boy's work explained that there had been a misunderstanding over the attitude of the Board of Education on cooperating in this matter and that as a result of a conference, difficulties probably would be ironed out and a method found to continue the work another year.

A letter was read signed by the Bismarck Bottling Works and the Capital City Bottling Works urging Rotarians to visit the local plants today which is Beverage Day.

Letters continue to come to the

president and secretary commending Bismarck for its entertainment of the Ninth District conference. Mr. Duemeland stated that he would attend the International Conference in Toronto in June.

Words were received that Miss Fauschold of Minot had sung for the St. Paul Rotary club and received an ovation.

Two birthdays were observed, those of Dr. Towne and Judge Nussle. Dr. Brandes did the honor for Dr. Towne and C. L. Young for Judge Nussle. Appropriate gifts were given.

Guests of the day were: Roy Bard, Dickinson; R. A. Nestus, Minot; A. G. Jacobson, Bemidji; John Schuenberg, Fargo; H. B. Gray, Rock Lake, N. D.

GREATER N. D. BODY TO MEET

Valley City, N. D., May 7.—The executive committee of the Greater North Dakota association has issued invitations to delegates to the permanent organization meeting to be held at Valley City on May 15th, the meeting to convene at 1 o'clock p. m. These invitations have been sent to representative business men, bankers and farmers in every county and city in the state. In addition every Rotary and Kiwanis club in the state has been requested to send delegates to the meeting.

GIRL STUDENTS NEARLY DROWN
 Grand Forks, May 7. Annie Jacobson of Mohall nearly drowned and three other state university students, Frances Miller of Drake, Blanche Greenland of Buford and Laura Dunkel of Fairview, Montana, struggled for some minutes in the water of the English center near Davis hall at the university before being rescued by four men students from Budge hall who were called to the scene after the four girls slid from a raft of logs on which they were floating, Sunday evening at about 7:30 o'clock.

But plenty of it! SKE-Does skating require any particular application? H—No, arnica or liniment—sure good as the other.—Boston Transcript

HOSKINS-MEYER

MOTHER'S DAY

Next Sunday the 11th.

MOTHER the greatest friend you ever had. MOTHER, who always shared with you the laughter and silences. Mother, whose open arms were a haven for you in your troubles. Mother, the only one in all this world who ever really knew you and loved you for everything she knew. Reverently we acknowledge her as life's sweetest influence—and we pay her tribute on Mother's Day knowing that in all the world there is no treasure like her.

Remember your Mother on Mother's Day. Remember your children's Mother on Mother's Day. "Say it with Flowers"—from Hoskins-Meyer whose service is an endeavor to contribute to the Mother sentiment so beautifully expressed in growing plants and flowers.

Make This Her Happiest Day Of The Year.

Place your order early while we still have the wonderful selection of our own roses, carnations, tulips, sweet peas and daisies.

Members of the F. T. D.—an organization of practically 4000 bonded Florists throughout the world who will make deliveries in their city or territory on receipt of letter or telegram from other members.

HOSKINS-MEYER

Girl Gives Up Career For Home

Minneapolis, May 7.—Ruth Newman, 22, of Bismarck, N. D., who ran away from home seeking a career "in the city," wa enroute home today with her father, after wandering the streets of Minneapolis 48 hours searching for work.

When she saw her picture and a story of her disappearance in a Minneapolis newspaper, she decided to postpone her career.

JUDGE JOHNSON GIVES ADDRESS

Washburn, N. D., May 7. Hon. Sebastian Johnson, Associate Justice of the North Dakota Supreme Court, will deliver the Memorial Day Address at Washburn, May 30, 1924. Mr. McCulloch, Commander of Veterans of Foreign Wars, No. 12, states that Justice Johnson has been secured for the occasion, and that a complete program for the day is being arranged by a committee from the post. An additional feature of the program.

NOTICE TO VOTERS

Requests having been made of me by several mothers to enter my name at the school election June 3, I have filed for this position and ask the support of the voters of Bismarck.

Beatrice Mann.

J. C. T. U. Holds Regular Meeting

The monthly meeting of the W. C. U. was held yesterday afternoon at the home of Mrs. Richard Pennington, with Mrs. Sara Ankenmann, acting.

Devotionals were read by Mrs. George Register. Many beautiful responses to roll call. Reports from various committees were given. A special committee of which Mrs. Elizabeth Suchow is chairman reported that the public drinking fountain, which was presented to the city by the Women's Christian Temperance Union had been installed in the city park, as a memorial from the W. C. U. A bracket remains to be placed around the fountain with the inscription, W. C. T. U. 1924.

This is Jubilee Year, celebrating 50th anniversary of the founding of the organization. Plans are underway for a Jubilee meeting to be held in the future. Following the business meeting, J. C. F. Strutz gave a very forceful and instructive address on, "The Opportunity for Community Service." Mrs. J. L. Hughes sang two numbers, "My Mother" and "The Two Offerings" and "Her Brother." Mrs. Arthur Tavis Mandan, read Foley's "Echo of Spring," following which refreshments were served by the hostess, assisted by her daughter, Mrs. Arthur Tavis.

ENTER EVENTS
Several high school girls will go Fargo with Miss Mac Walker, director of girls' physical training, to enter in state inter-scholastic track and baseball events. They include: Gertrude McLaughlin, Anabelle Simpson, Alice Larson, Dorothy Zell, Edna Stading, Hilda Hult, track and baseball; Sara Hall, Alice Clark and Jean Eaton, baseball.

Gets Promotion
Irene E. McGittigan, who has been assistant manager of the Northern Electric Company, and continued in position after the plant was taken over by Armour Creameries recently, has been promoted to the position of assistant manager of the new plant at Creston, Iowa. The plant is considerably larger than the Bismarck plant. Mr. McGittigan and family will leave Bismarck for Creston by automobile. His successor has not been named.

Federated Clubs Strive To Make Bi-ennial Paying

With each of the 17,000 club women at the California Federation of Women's Clubs contributing 50 cents toward expenses of the biennial convention of the General Federation of Women's Clubs in Los Angeles in June, the California hostesses expect the convention to be one of the first in California to be economically independent. The whole state will join to act as hostess to the delegates from all over the country; no outside financial aid will be sought.

San Francisco is planning a full week post-biennial entertainment. Among the features will be a visit to Luther Burbank's famous experimental gardens at Santa Rosa; a drive to Monterey, Pacific Grove and Carmel Mission; a trip to Chinatown; and a trip to the University of California and Leland Stanford.

Censorship Convention Issue
"What shall be done about censorship?" is the question the motion picture department of the Federation will bring before delegates to the convention. Mrs. Harry Lilly, chairman of the department, plans to have several motion picture stars of "spotless reputation" appear on the program.

Helen H. Gardner, Washington, of the civil service commission, will explain the merit system before the convention to show that the type of person who gets his job by examination instead of political appointment, is not the kind that can be bribed or swayed from the path of duty. The federation expects to launch a movement to place law enforcement officers under civil service.

A number of delegates will leave this state to join the special train at Saint Paul, which leaves May 27, and goes by way of Kansas City and the Grand Canyon. Those going by way of Omaha, will leave St. Paul Thursday, May 29 and go by way of Salt Lake City. Several of the local clubs will have delegates at this biennial convention.

To Present Play Tomorrow Night

The World Wide Guild of the First Baptist Church will present the play, "The Captive in Japan" tomorrow evening at 8 o'clock in the Baptist Church. The proceeds from this play are to be used in promoting the fund for Missionary work. The same play was given at Menoken last Saturday evening to a large audience.

The cast follows:
Gertrude Spencer Dean, college girl Nellie Dance.
Nan, her sister Mildred Funston.
Bea, college freshman Evelyn Jacobson.
Dot, Grace, Ruth, her friends, Lillian Strandemo, Katherine Kositzky, Irene Hedstrom.
Mrs. Dean Mable Glick.
Aunt Edna Ecklund.
Miss Mary Drake, Kindergarten teacher Margaret Johnson.
Miss Foss, Missionary Edna Dralle.
Japanese Servants Mildred LeBay, Ruth Hedstrom.
Kindergarten Children.

Many Respond To Park Call

Generous response has already been made to the invitation extended a few days ago to citizens generally to contribute plantings to assist in the beautification of Custer Park, which the committee in charge hopes to make a garden spot to be enjoyed by everyone in the city. Mrs. Thomas Phelps donated iris bulbs, Mrs. R. H. Thistlethwaite gave shrubs and Mrs. S. S. Clifford volunteered dahlias. Many fraternal and other organizations have already made donations. Mrs. W. E. Cole, pleased with the help already given, said today that additional plantings would be welcome, and may be made to her.

Hospital Day To Be Observed

St. Alexis hospital will observe Hospital Day, May 12, by having an open house for visitors from two to five in the afternoon. All babies born in the hospital during the past year and their mothers are cordially invited. Nurses will be provided to weigh the babies and any information requested in regard to their care and feeding will be given.

Baptist Ladies Aid
The Baptist Ladies Aid will meet Thursday afternoon with Mrs. H. W. Paine, 122 West Broadway. Members are asked to bring timbels.

Postpone Meeting
St. Joseph (West end) Missionary Society will postpone their regular meeting on account of their Sodality Card Party which will be given tomorrow evening.

CARD PARTY, DANCE
A card party and dance will be given by St. Mary's Sodality on Thursday evening, May 8, at St. Mary's Auditorium and gymnasium. The S. S. President Madison band will furnish music.

METHODIST AID SOCIETY
The fourth division of the Methodist Aid Society will meet on Thursday afternoon with Miss Weisenborn, 215 West Broadway. The members are requested to be present if possible and members of the other divisions are extended a cordial invitation to come.

BISMARCK FORTRESS NO. 5, L. A. M. I. O. F.
The Ladies Auxiliary Patriarchs Militant will meet on Thursday night at the regular hour. All ladies are requested to be present and in uniform.

For the Best Woman in the World. Send Flowers. Will's Greenhouses, 319-3rd St.

Cook by Electricity. It is safer.

Attractive Fringe

Fringe has been used with unusually good effect on this frock of beige crepe embellished with brown embroidery. The fringe is of alternate stripes of beige and brown. The line of the tunic is very smart and could be used on a less elaborate frock, edged with self material instead of fringe.

CITY NEWS

Bismarck Hospital
Admitted to the Bismarck hospital for treatment: Alfred Benson, Drake; Mrs. C. R. Wilcox, Cannonball; Jacob Reichenberg, Hazen; Adam Sailer, Stanton. Discharged: Gustav Fristad, Mandan; Miss Harry Jackson, city; Mrs. Platt Dunn, Shields; Mrs. H. D. Shaft and baby girl, city; Mrs. E. E. Sempel and baby boy, Washburn.

DR. LA ROSE INSTALLED AS ROTARY HEAD

New Officials of Local Club Inducted Into Office at Noon Luncheon

Dr. V. J. LaRose was installed today as the fourth president of the Bismarck Rotary club. He was escorted to the chair by Past Presidents Bell and Finney who were ordered by H. J. Duemeland, retiring president to bring "Vic" in on "their shoulders." The performance was hardly gracefully done, but the two Rotarians managed to keep the president's feet off the ground on his journey to the head of the table.

Dr. LaRose was presented with a novel gavel by Mr. Duemeland. The retiring president also gave to the club a going to aid the new president in preserving order. In a short address Mr. Duemeland thanked retiring officers and the various committees for their cooperation during the past year.

J. L. Bell for the past president's bloc, welcomed Mr. Duemeland into this group and gave him a diamond Rotary pin such as is worn by past presidents.

Other officers installed were: Vice-president, George Will; secretary, Ray Bergeson; treasurer, Phil Meyer; sergeant-at-arms, John French and assistant sergeant-at-arms, Birken Ward.

Mr. Bergeson and Mr. Meyer succeeded themselves and their past services were eulogized by the retiring president.

L. S. Craswell for the boy's work explained that there had been a misunderstanding over the attitude of the Board of Education on cooperating in this matter and that as a result of a conference, difficulties probably would be ironed out and a method found to continue the work another year.

A letter was read signed by the Bismarck Bottling Works and the Capital City Bottling Works urging Rotarians to visit the local plants today which is Beverage Day.

Letters continue to come to the

president and secretary commending Bismarck for its entertainment of the Ninth District conference. Mr. Duemeland stated that he would attend the International Conference in Toronto in June.

Word was received that Miss Fauchald of Minot had sung for the St. Paul Rotary club and received an ovation.

Two birthdays were observed, those of Dr. Towne and Judge Nussle. Dr. Brandes did the honors for Dr. Towne and C. L. Young for Judge Nussle. Appropriate gifts were given.

Guests of the day were: Roy Baird, Dickinson; R. A. Nostos, Minot; A. G. Jacobson, Bemidji; John Schoenberg, Fargo; H. B. Gray, Rock Lake, N. D.

GREATER N. D. BODY TO MEET

Valley City, N. D., May 7.—The executive committee of the Greater North Dakota association has issued invitations to delegates to the permanent organization meeting to be held at Valley City on May 15th, the meeting to convene at 1 o'clock p. m. These invitations have been sent to representative business men, bankers and farmers in every county and city in the state. In addition every Rotary and Kiwanis club in the state has been requested to send delegates to the meeting.

GIRL STUDENTS NEARLY DROWN

Grand Forks, May 7. Annie Jacobson of Mohall nearly drowned and three other state university students, Frances Miller of Drake, Blanche Greenblatt of Bismarck and Laura Dinkel of Fairview, Montana, struggled for some minutes in the water of the English coulee near Davis hall at the university before being rescued by four men students from the scene after the four girls slid from a raft of logs on which they were floating, Sunday evening at about 7:30 o'clock.

But Plenty of It!
SHE—Does skating require any particular application?
HE—No, amica or liniment—ones good as the other—Boston Transcript.

HOSKINS-MEYER

MOTHER'S DAY

Next Sunday the 11th.

MOTHER the greatest friend you ever had. MOTHER, who always shared with you the laughter and silences. Mother, whose open arms were a haven for you in your troubles. Mother, the only one in all this world who ever really knew you and loved you for everything she knew. Reverently we acknowledge her as life's sweetest influence—and we pay her tribute on Mother's Day knowing that in all the world there is no treasure like her.

Remember your Mother on Mother's Day. Remember your children's Mother on Mother's Day. "Say it with Flowers"—from Hoskins-Meyer whose service is an endeavor to contribute to the Mother sentiment so beautifully expressed in growing plants and flowers.

Make This Her Happiest Day Of The Year.

Place your order early while we still have the wonderful selection of our own roses, carnations, tulips, sweet peas and daisies.

Members of the F. T. D.—an organization of practically 4000 bonded Florists throughout the world who will make deliveries in their city or territory on receipt of letter or telegram from other members.

Girl Gives Up Career For Home

Minneapolis, May 7.—Ruth Newman, 13, of Hankinson, N. D., who ran away from home seeking a career "in the city," was returned home today with her father, after wandering the streets of Minneapolis 48 hours searching for work. When she saw her picture and a story of her disappearance in a Minneapolis newspaper, she decided to postpone her career.

JUDGE JOHNSON GIVES ADDRESS

Washburn, N. D., May 7.—Hon. Svenbjorn Johnson, Associate Justice of the North Dakota Supreme Court, will deliver the Memorial Day Address at Washburn, May 30, 1924. Major McCulloch, Commander of Victor B. Wallin Post No. 12, states that Justice Johnson has been secured for the occasion, and that a complete program for the day is being arranged by a committee from the post. An additional feature of the program, a concert will be rendered during the afternoon by a community chorus, the program to include several instrumental numbers.

NOTICE TO VOTERS
Requests having been made of me by several mothers to enter my name at the school election June 3, I have filed for this position and ask the support of the voters of Bismarck.

THE STATE'S OLDEST NEWSPAPER
(Established 1873)

JUST AN INDICATION
Henry Reade, state fire marshal, in a recent trip over the state secured an interesting analysis of the relative value of farm products which is a most potent argument for diversification upon the farms. It was handed to him by Theo. Kahellek, proprietor of the Hotel Irvin, Kenmare, N. D., and is headed "DO YOU KNOW?"

This business man after analyzing his food purchases for the year of 1923 found that approximately 60% of the cost of all things we eat come from the cow, hog or chicken and that the cow alone furnishes 40%. He says in a little leaflet just issued:

"While making up my books for 1923 I took a little extra time and separated the amounts I paid out for the different articles of food, and found that I had bought the following:

BEEF AND VEAL.....\$ 4,000.00
MILK AND CREAM.....3,350.00
BUTTER.....1,800.00
CHEESE.....100.00

TOTAL FROM THE COW.....\$ 9,250.00
EGGS.....1,325.00
POULTRY MEATS.....600.00

TOTAL FROM POULTRY.....\$ 1,925.00
PORK, MEATS AND LARD.....\$ 2,600.00

TOTAL FROM COWS, HOGS AND CHICKENS.....\$13,775.00
FLOUR.....\$ 360.00
BREAD AND BAKERY.....720.00

TOTAL FROM WHEAT.....\$ 1,080.00
SUGAR.....\$ 800.00
COFFEE.....800.00
ALL OTHER PROVISIONS.....6,665.00

TOTAL COST OF ALL PROVISIONS.....\$23,120.00

"It is noticed that the wheat and baked bread make up about 4 1/4% of the whole, and if baked bread was not purchased, the total amount of flour used would not exceed 3%, or less than the sugar or coffee.

"Also, that the butter costs three times as much as the flour does; the milk and cream six times as much as the flour.

"These figures have interested me, and being that we are all interested in farm products, I thought they may interest others."

These figures are vastly interesting to the man who has turned away from the single crop idea as they show graphically the demand for meat and dairy products. They should be compelling evidence to the farmer who still clings to wheat to the exclusion of other products.

CLOSED BANKS

With the closing of the Capital Trust and Savings Bank of St. Paul, interest is diverted somewhat from the strictly rural sections of the Northwest and shows clearly that this state's financial difficulties as reflected in its closed banks are small in the aggregate when compared to what obtains in some of the larger centers.

The merger of the Merchants National and Capital National of St. Paul comes as an aftermath of the failure of the Capital Trust Company and did much to steady a condition that might have grown serious.

Few sections of the nation which depends solely upon agricultural products for business activity are in as good condition as this state. North Dakota is fast emerging from the reaction of closed banks whose affairs are being economically administered under the supervision of the Supreme Court designated by the legislature to see that all interests are safeguarded.

Despite the rather extreme picture drawn by Garret Garrett in the Saturday Evening Post in his article entitled: "That Pain in the Northwest," the Northwest is not broke. Few who know real conditions took the extreme statements in that article as typical of the financial situation in the Northwest.

The situation in St. Paul was brought about by "frozen assets." While St. Paul papers dismiss the failure as due to holdings in Montana and North Dakota mortgages there are doubtless other underlying causes for the closing of this institution which the examination now pending will disclose.

Those sections which have learned the lesson of diversification and whose farmers know that there is no substitute for hard work and businesslike methods are successful. There are few closed banks where cows are being milked, poultry raised and hogs fattened for the market. This immediate section of North Dakota is demonstrating what can be done through diversification.

HOMES

The British government considers a plan to build two and a half million homes to end the housing shortage. The government would furnish the money and either rent the homes or sell them to families on long-time installments.

This is subsidy. If a similar program were suggested for America, a cry of "Socialism!" would go up from certain quarters that shout approval when subsidy is advocated for capital—subsidized merchant marine, for instance.

OIL

Fifteen years ago the consumption of crude oil in America was two barrels a year for every man, woman and child. Now the figures are six and a half barrels a year.

There is still a tremendous reserve of oil underground. But it is being drained steadily. Some experts predict a shortage of oil within 20 years. What then? Science will answer. Alcohol may take the place of gasoline, for motor fuel, long before the oil is exhausted.

EDITORIAL REVIEW

Comments reproduced in this column may or may not express the opinion of The Tribune. They are printed here to give our readers a chance to see both sides of important issues which are being discussed in the press of the day.

STENOGRAPHERS AND SENATORS' WIVES

The other day the wives of three United States senators called upon the District of Columbia zoning commission to protest against the building of a two and three-room apartment house in the Sheridan Circle section on the ground that it would be "filled with government clerks, stenographers and other undesirable."

The Sheridan Circle is a fashionable section where senators' wives live. Just how they would suffer through the proximity of anything so "undesirable" as a stenographer is not plain but it may be surmised.

In appearance, dignity, poise, it is quite possible that the stenographer might be taken for a senator's wife; or a senator's wife for a stenographer. Even in the matter of intellectuality and charm the mistake might easily be made—and that ought not to be tolerated in America.

A cabinet lady's recent insistence that the clerks in the department wear uniforms was probably suggested by the same danger that a clerk might be taken for a cabinet officer or a member of the cabinet for a clerk.

Would it not be well to have the ladies of the dignitaries labelled with streamers—"I am the wife of a senator" or "I am the wife of a cabinet officer"? It might spare the stenographers much annoyance, since it seems so difficult for the average person to discriminate from appearance or conversation.

New York Evening Mail.

LINCOLN'S FACE

Almost the only American writer who has publicly taken ground against the popular belief concerning Lincoln's personal appearance was Nicolay, Lincoln's private secretary, who says that in him "there was no oddity, eccentricity, awkwardness nor grotesqueness in his face, figure or movement"; that on the contrary, "he was prepossessing in appearance when the entire man was fairly considered, mentally and physically, unusual height and proportion, and general movement in body and mind."

Moreover, it appears from the Frenchman of T. L. Bartlett that French artists were quick to recognize and appreciate the beauty of Lincoln's face. It is to Frenchmen, he contends, that is due the credit of first seeing the true beauty of the life mask in Lincoln, of appreciating it, and describing it.

When Bartlett took a plaster copy, in 1877, to the oldest Paris bronze founder to get it cast in bronze, he put it down on the table side by side with a mask of Abbe Lamennais. The first words of the founder were:

"What a beautiful face! Why, it's more beautiful and shows more character than the abbe's, and we think that is the handsomest one in France. What an extraordinary construction, and what fine forms it has!"

Then the founder asked who it was, and added, "I shall take pleasure in showing it to my principal sculptors." Some weeks afterwards, when Mr. Bartlett went to get the bronze copy, the founder told him that the sculptors he had referred to and others had seen the Lincoln, and had expressed themselves in the most appreciative terms of what they saw in it. —Kansas City Times.

COMMERCE OUTLOOK IS BRIGHTER

Cleveland, O., May 7.—(By the A. P.)—Virtually all economic factors pointed to a quick, healthy expansion of world commerce as soon as business confidence in America is restored by a clearer definition of governmental relationship to business.

Julius H. Barnes, president of the United States Chamber of Commerce, predicted today in his annual address to the 12th annual convention of the Chamber, approximately 3,000 representatives of business organizations are attending the four-day sessions. Rehabilitation of European commerce which is expected to result from the operations of the Dawes report on German finances was pointed to by Mr. Barnes as perhaps the most hopeful sign on the horizon of world industry. At home, he pointed to the recuperating agricultural industry and a perceptible stabilization of the public sentiment toward business as token of continued prosperity.

The present tendency toward retrenchment, he said, was due almost entirely to financial uncertainty growing out of the present governmental situation in Washington, in which policies in taxation and transportation, the two fundamental factors in the industrial life of the nation, are awaiting determination. The decision will clear the track for business to proceed at full speed, if it is not made too late, Mr. Barnes said.

Almost without exception, the countries of Europe today are making noticeable progress toward political and economic stability, he said.

TEXAS BANK CLOSES

El Paso, Tex., May 7.—The El Paso City National Bank, one of the Southwest's largest institutions, failed to open its doors today. The bank, it was understood, was in a weakened condition due to frozen paper. The bank was saved from closing three months ago when one million dollars in gold was transferred to the institution from the vaults of the federal reserve bank here.

Backyard gardenitis

250 CUBANS IN NEW REVOLT

Havana, Cuba, May 7.—(By the A. P.)—Approximately 250 men are in revolt against the Zayas government in Oriente province, it was learned today. One band of 150 is operating near Baire, west of San Blas de Cuba and another of 100 around Yateras, near Guanatawa.

Loneliest Out-Post Is On Kara Sea

Leningrad, May 7.—What is said to be the most lonesome outpost in the world for human beings has been set up at Karak, on the Kara sea, an arm of the Arctic, in the form of a wireless and hydro-meteorological station. The Kara sea is blocked by ice the greater part of the year, being passable for ships during only a few weeks in summer.

The Academy of Sciences in Leningrad announced recently that smaller stations also had been established on the Kara sea by the Soviet government, each of these being combined with a hydro-meteorological bureau. The wireless station at Karak keeps in touch with vessels in Polar waters and sends out weather forecasts regularly. There are but two men at the station and because of the ice and weather conditions, it is possible to send them supplies only once every year. The chief recreation of the meteorologists and wireless operators is hunting and fishing.

Butter Has World Wide Price Gauge

San Francisco, May 7.—Butter, like gold, has a world-wide standard of value, it is pointed out in a review of the 1923 market by the California Dairy Council. The review says: "Milk may be produced, manufactured into butter and sold to a household within a radius of ten miles, but the price of that butter is determined by conditions in the four corners of the world."

"No other article of commerce, except the precious metal, is so uniform the world around as the product of the dairy cow, of which butter fat is the foundation. Whether it comes from New Zealand, or Nova Scotia, Denmark, Wisconsin or California, it is simply butter when it reaches the markets of New York, Chicago and San Francisco, and the prices in all cities, with due allowance for slight freight differentials, are practically the same."

"During 1923 average prices of dairy products throughout the country increased—butter 17 percent, cheese 13 percent, condensed milk 30 percent, and marketed milk 17 percent."

The dairy council said butter increased in almost the same proportion.

Keep Them Ship Shape

Inactive kidneys pile up trouble. They should be given a good flushing with the aid of a diuretic stimulant, having a mild tonic effect—not due to harmful drugs.

Demand—Foley Pills

A diuretic stimulant for the kidneys. They are sold everywhere.

THE LONESOME TRAIL

BY ALBERT APPLE

Has it occurred to you that, as people become more civilized, they "keep more to themselves"? Our generation does not mix as much as was the custom years ago. It's a contradictory state of affairs, that the trail becomes more lonesome for the individual as life gets more complex and population more congested.

The Tangle

LETTER FROM SALLY ATHERTON TO BEATRICE GRIMSHAW
Well, Bee, I have gotten back here from Sam's funeral and got to work again. All the old life is over. I feel just as though I had turned my face and started out in an entirely different direction.
Some people would tell, if you had described me to them, that I am perfectly heartless, but I cannot help that I am only human. I cannot help but feel free, although I had shaken off some great burden that was holding me down. I expect even you, dear phlegmatic Bee, will shudder a little as you read that last sentence. I know, however, that many another woman under the same circumstances would, if she told the truth, say the same.
Sam had really ceased to love me. He was tired of me as I was of him. The only difference between us was that Sam wanted still to dominate me, tell me what I should do, even color my opinions. He could not get rid of that old, conventional idea that as long as I was his wife in name, I was his possession; and although he had lost his love for me—lost the only thing that made our partnership something that might not be easily broken—he still desired to be the ruling power of my existence. He wanted to go his own way but insisted upon shaping the direction of mine.
I, on the other hand, was perfectly content to let him do as he pleased. I did not particularly care what he did, as long as he didn't bother me with it. Our life together was over. I could not by any stretch of imagination bring him in to my orbit again.
I believe lots of women feel this sense of freedom, Bee, as they all behind their crepe veils and hear the minister intone a description of the virtues of the deceased. Some times think that the fashion of heavy crepe veils was started by some woman who was averse to letting the public see, not her grief, but her relief.
We're only human, and humanity is more or less hypocritical. Hypocrisy is the attribute that animals take on with souls. A dog never makes believe—he either loves or hates. He just does one or the other and that's all there is of it.
Thank you, dear, for not writing me the conventional letter of condolence. You made it possible for me to talk to you, to pour out my inmost heart, and that is something that rarely comes even with a friendship as loyal as yours. I truly appreciate it, dear. We always want to tell some one something of ourselves, to give vent to some self-expression; but few of us can turn ourselves inside out to any one as I do to you, with the sure knowledge that that person will understand.
I don't know why I'm so sure of you, Bee, for I know absolutely that you do not always approve of me. Perhaps it's because I know that I am so different from you, that I bring into your quiet, conventional life something that speaks of excitement and thrill. That's rather egotistical, is it not? Right here is where I stop talking about myself, and tell you something that may interest you more.
Almost 15,000,000 water fowls, mostly wild ducks, are killed for game in a year in this country.

THE LONESOME TRAIL

BY ALBERT APPLE

Has it occurred to you that, as people become more civilized, they "keep more to themselves"? Our generation does not mix as much as was the custom years ago. It's a contradictory state of affairs, that the trail becomes more lonesome for the individual as life gets more complex and population more congested.

This tendency is strongest, of course, in large cities. But it is noticeable also in small communities and on the farms. People occasionally congregate and pool their pleasures, but not as often nor as enthusiastically as in the past.

About this time of year, generations back, the cracker-barrel philosophers were discussing national politics at the crossroads store. They knew each other intimately. Deception was next to impossible, for the simple life has fewer opportunities for concealment.

Another famous congregating place was the livery stable. A third was the tavern bar. Periodically there were husking bees, corn roasts, clam bakes, quilting bees, sewing circles, church "socials," and so on.

Today such gatherings are few, compared with long ago. Life has become rushed and complex. People are too busy hustling about their business, speeding in autos, hurrying to dark movie theaters, playing with radios.

We are becoming a race of isolationists. We keep to our immediate family circle, have fewer outside friends. Especially in cities, where families even live in the same building for years without ever knowing each other.

In the more primitive past, people hungered for companionship. Life was simple. Knowledge was limited. The craving for relief from monotony was second only to the desire for exchange of ideas.

In those times, people had to associate intimately and frankly, to learn what was going on in the world and to get the other fellow's viewpoint.

Now, instead of spending an evening at the store discussing what Niagara Falls is like, we hop into our separate flivvers and set forth to see it in person.

Our generation has less physical companionship, but it is more firmly cemented by greater mental companionship than in the past. We, in effect, congregate and exchange ideas through newspapers and magazines, by radio, and by attending movies.

In thus getting our mutual companionship second-handed, we lose much—especially the human side. Let civilization develop to its logical conclusion, and we'll have a race of people keeping as much to themselves as turtles in their shells.

When you see a man making faces at another man now, it may be the coal man mad at the ice man.

OFFICIALS ARE NAMED FOR BIG TRACK CONTEST

Governor Nestos, Mayor Lenhart and Supt. Saxvik Named Honorary Referees

Governor R. A. Nestos, Mayor A. P. Lenhart and Superintendent of Bismarck schools, H. O. Saxvik, as honorary referees, will head a list of 50 officials for the Capital City Track and Field Meet, to be held here Saturday, May 10. The meet, the first in Bismarck, is expected to bring 100 athletes from schools in this section of the state, and to be the biggest event of its kind ever held in the western part of the state. Silver loving cups and medals will be offered as prizes.

The list of officials announced today by Coach E. T. Houser, manager of the meet, includes many former college track athletes, and insures accurate and fair judging for the meet. The entire track, the only one in western North Dakota outside of college, is expected to be in fine shape for the meet.

One of the features will be the appearance of Rolf Harmsen of Hazen, famous mile runner, who will give exhibitions. Harmsen, one of the fastest men in the United States, will go to Chicago early in June to try out for the American Olympic team, and he has a good chance to make it. He ran the 50-yard dash here the other day in practice at near the United States record, and he makes the 100-yard dash under 10 seconds. The meet will offer the only chance for scores of citizens to see the famous North Dakota runner in action.

Preliminaries in the 122-yard and 220-yard dash, and 120-high and 220-low hurdles will be run off at 11 a. m. Saturday, cutting down the number in the afternoon race to the best from many high schools. Points will be awarded for the first four places, as follows: five for first, three for second, two for third and one for fourth. Any pupil who is a regular student in either the grades or high school will be eligible to participate in the meet.

The officials are as follows: Honorary Referee—Gov. R. A. Nestos, Mayor A. P. Lenhart, Supt. H. O. Saxvik.

Manager—E. T. Houser. Starter—Al Personius. Clerk of Course—J. MacLeod. Finish Judges—Judge L. E. Birdzell, John Homan, Paul Brown, Phil Meyer.

Chief Inspector—Ed. Cox. Head Field Judge—Prim. W. F. Bublitz.

Judges of Jumps—Geo. Bird, Roy Neff, Lars Wambheim.

Judges of Weights—E. Budge, Clifford Johnson.

Head Scorer—R. J. Murphy. Chief Announcer—Jess Scroggin.

Chief Marshal—Judge Casselman. Scorers—L. Sorlien, M. Avery, H. Rhud, B. Murphy, T. Thorsen.

All visiting coaches are asked to report at the high school as soon as they reach Bismarck, to get number for their entrants.

RUTH HELPS YANKS TO WIN

Battling Is Big Factor in Victory Over Philadelphia

Chicago, May 7.—Eddie Rummel of Philadelphia and Waite Hoyt of the New York Yankees furnished the pitching battle of the majors yesterday, New York winning 3 to 2. Babe Ruth drove in two New York runs and scored the winning run in the eighth.

Harry Heilmann, Detroit slugger, aided his team materially in defeating Chicago, 6 to 4. He got a homer with a man on base.

The St. Louis Browns evaded the series with Cleveland, 7 to 4, while Fehr won his first game as pitcher for the Boston Red Sox, who beat Washington, 14 to 4.

In the Nationals the Phillies slugged their way to a 5 to 4 victory over the Giants, with Hughie McCulligan as the losing pitcher and King the winner. Pittsburgh beat Chicago, 2 to 0, and Brooklyn moved into third place, defeating Boston 3 to 0. Both Jess Barnes and Reuther pitched nice games, the latter, however, having the best of the battle.

15-YEAR-OLD MAID HOPES TO EQUAL ALEXA'S FEATS

MARIAN BENNETT

It wasn't so very many years ago that Alexa Stirling, still wearing short skirts and with her hair in pig tails, startled the women golfers of the nation by qualifying in the national championship.

And in another year or so the Atlanta girl started on a rampage which didn't end until she had won three successive national titles. Little Marian Bennett of New Britain, Conn., who has just turned 15, hopes to follow in Alexa's golf steps, an experts who have seen her play insist she has a bright future.

Marian has been playing well in the south this spring and intends to enter the bigger tournaments in the east when summer comes. She has a very compact game and is a driver of great power.

STADIUM AT DRAKE U. FOR SPRINTERS

Des Moines, May 7.—The Drake Relay Carnival, established 15 years ago with only a handful of athletes in competition, has had such growth that the event this year promises to attract a record breaking list of 1,500 track and field stars, representing more than 100 leading universities and colleges in the west and mid-west.

The relays will be staged in the Drake Stadium, April 25-26, the same time the Penn Relays are held in Philadelphia. Performances will be watched with interest because many of the entrants are out to represent America in the Olympic games.

Charles Paddock will headline the Friday program, when he will match his speed against a field of star sprinters in a special 100-yard dash. Paddock is the present holder of the world's record of 19.6-10 in the century, with E. J. Kelly and Howard P. Drew. He also holds the world's record for the 220 and 300 yard events, besides marks for 100, 200 and 400 meters.

Evening university in the Western Conference, most of the Missouri Valley members and teams from the east and west will be entered.

The college season has attracted a formidable entry list. Other individual stars of world's record fame will compete in the special events. These include Dean Brownell of Illinois, who holds the world's indoor record of 13 feet 5 1/2 inch in the pole vault, and the American collegiate outdoor record of 13 feet 2 inches; and Milton Angier, Illinois, who established an American record of 200 feet, 9 inches in the javelin throw at the Drake meet a year ago.

Harold Osborne, Illinois A. C., will attempt to shatter the world's high jump record of 6 feet, 7 1/2 inches; De Hart Hubbard, Michigan's negro star, will be in the contest in the hurdles and broad jump, while Danny Kinsey, who tied the world's record of 209 2 1/2 in the 75-yard high hurdles in the Illinois relay carnival, also will be among the starters in the hurdles event. Charles Brooks, Iowa, world champion low hurdler, also is entered.

MANDAN NEWS

CLASS PLAY
"Come Out of the Kitchen" the lively three act comedy dramatized by A. E. Thomas from the story by Alice Duer Miller, will be presented at the Palace theatre on Friday evening by members of the senior class of Mandan high school. The play was one of the outstanding successes of the stage when presented several seasons ago and is unusually well adapted to amateur production. The play is being presented under the direction of Miss Mary Gwen Owen.

LOSES BLACKTHORN CANE
Thomas O'Neil, pioneer resident of Reulah is a guest of friends in the city having come down to meet his daughter, Mary, who is returning from Fargo. Mr. O'Neil is 94 years old and is quite active for a man of his age but his visit to Mandan has cost him a blackthorn cane which was a Christmas present from relatives in Ireland, which he prized very highly.

LEG BROKEN
Joe Smith, Jr., was brought to the city yesterday afternoon suffering with a broken leg. The fracture was the result of a bad spill with a horse near the farm home south of the city.

LAND CLOSE TO CITY
The land given the State Knights of Pythias as endorsement for a state home is located on the Flasher road about a mile south of the city and just south of the U. S. Great Plains Field station property part of which was sold by Mr. Hoyt to the government. It is valued at about \$8,000.

The Knights of Pythias a year ago considered the matter of establishing a state Pythian home, and this year the subordinate lodges in the state will vote on a special assessment per capita to build such a home.

BOY KILLED WHEN PAL'S GUN HITS TREE AS FIRED

Cavalier, N. D., May 7.—Duffy, 8 year old son of Mr. and Mrs. A. E. Slater, was yesterday killed when struck by a bullet from a rifle fired at a hawk by Donald, 11 year old son of Mr. and Mrs. Thomas Beaudry. The boys and two others were hunting among some woods, and Donald according to his companions, swung his gun to take a hasty shot at a hawk. The weapon struck a tree trunk and was deflected to one side as it was discharged, the bullet entering Duffy's heart.

Ingrown Toe Nail Turns Out Itself

A few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost overnight.

"Outgro" is a harmless antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.—Adv.

TELLS OF HUNT IN TURKEY

Hazleton, N. D., May 7.—Local relatives of Lester Briggie, who with Mrs. Briggie is residing in Constantinople, Turkey, have just received a letter in which is described a wild boar hunt that Mr. Briggie and a party of Americans indulged in a short time ago. As a result of the hunt two wild boars were brought in, and they also killed one deer and two jackals. Mr. Briggie sent some of the bristles from the wild boars along in the letter. They are black, and are about five inches long and resemble the bristles from our own domestic pigs somewhat. He says the meat of the wild boar is delicious, sweeter than pork and the fat is snow white.

The Briggies are having a good time in the Turkish capital and hope to travel some this summer, perhaps to Paris or Norway.

They say Turkey is coming right to the front under the new form of government.

GIRL BANDIT GETS SENTENCE

New York, May 7.—Mrs. Celia Cooney, bobbed-hair bandit and her husband and partner in crime, Edward Cooney, were sentenced today to serve from 10 to 20 years in prison each by County Judge Martin of Brooklyn.

Japanese Are Leaving Shantung

Tsingtao, China, May 7.—Japanese influence in this section is on the wane, if the population of the Japanese colony in Tsingtao and environs may be accepted as a gauge. During the Japanese regime, from 1914 to 1922, the Japanese population exceeded 30,000. It has dwindled to 12,000 and every month witnesses a further decrease.

Lead is largely used in glazing pottery and porcelain.

Used Kellogg's Bran 2 months—constipation gone after suffering 3 years

Three years of suffering with constipation. What happiness was his when Kellogg's Bran, cooked and crumbled, restored his health. But read his letter.

"Dear Sirs:—This is what I think of your 'kumled bran.' I would not be without it for anything in the world. For three years I used all kinds of medicines for constipation, and only got temporary relief. I was advised by a doctor to use Kellogg's Bran, and since I began using it I don't have to take pills or anything else. I have used it two months, and my constipation has left me. I feel better, now than I have for three years."

(The original of this letter is on file at the Kellogg Company, Battle Creek, Mich.)

Kellogg's Bran brings results because it is ALL bran. You can't fight constipation with halfway meal.

Because Kellogg's Bran is ALL bran it sweeps, cleans and purifies the intestine. It acts naturally—just as nature acts. It stimulates the intestine and makes it function regularly. It is guaranteed to bring results, or your grocer will refund your money.

Kellogg's Bran has a delicious nut-like flavor. Quite different from ordinary, unpalatable bran. You will like it as a cereal, sprinkled on other cereals, cooked with hot cereals, or in the recipes given on every package.

Eat two tablespoonsfuls of Kellogg's Bran every day—in chronic cases, with every meal. Made in Battle Creek. Sold by all grocers.

MIDLAND GRAIN COMPANY
Minneapolis, Minnesota. Williston, N. D.

We Buy Grain of All Descriptions in Car Lots. We are always in the market, paying the highest prices net to you (no commission) truck your shipping point. We buy basic official inspection, but will pay premiums for quality. Send us samples.

AMAIZO OIL

Eleven Reasons Why You Should Use It

1. Fries beautifully, thoroughly, quickly.
2. Does not smoke at cooking temperature.
3. Does not carry the flavor of one food to another, so can be used over and over.
4. Heats quickly.
5. Measures easily and accurately.
6. Blends rapidly with other ingredients.
7. Necessitates no melting.
8. Makes delicate, delicious cakes — is an ideal shortening.
9. Maintains the delicious natural flavor of foods.
10. Does not curd in mayonnaise.
11. Its can is dustless, rustless, easy to handle and store.

NOTICE OF MORTGAGE FORECLOSURE SALE

SURE SALE

Notice is hereby given, That that certain mortgage, executed and delivered by Jakob Sattler and wife, Sattler, husband and wife, Mortgagees, to The First National Bank of Harvey, a corporation, Mortgagee, dated May 18th, 1922, and filed for record in the office of the Register of Deeds of Burleigh County, North Dakota, on the 14th day of September, 1922, and recorded in Book 174 of Mortgages on page 127, will be foreclosed by a sale of the premises in such mortgage and hereinafter described, at the front door of the Court House, in the City of Bismarck, in the County of Burleigh and State of North Dakota, on the 19th day of May, 1924, at the hour of two o'clock in the afternoon of the day of sale, to satisfy the amount due upon said mortgage on the day of sale. The premises described in said mortgage, and which will be sold to satisfy the same, are situated in the County of Burleigh and State of North Dakota, and described as follows, to-wit: The West half (W 1/2) of Section 3, Township 144, Range 75, West of the 5th P. M. There will be due on such mortgage on the day of sale the sum of \$78.45 for interest paid on a prior mortgage to protect the Mortgagee's interests, making the total sum due and for which the premises are sold, the sum of \$24.80, and the costs of foreclosure and sale.

Dated at Harvey, North Dakota, this 7th day of April, 1924.

THE FIRST NATIONAL BANK OF HARVEY, a corporation.

ALOYS WARTNER, Attorney for Mortgagee, Harvey, North Dakota.

CHILD LABOR AMENDMENT

By JOHN T. ADAMS,

Chairman of the Republican National Committee

A resolution proposing a child labor amendment to the federal Constitution has been passed by the House. The amendment would authorize Congress to enact legislation prohibiting or regulating child labor.

This is necessary because the two federal child labor laws which have been enacted were declared unconstitutional upon the broad ground that Congress did not have the power to pass such legislation. It is to give Congress this power that the pending amendment is proposed.

Due largely to conditions in the Democratic "solid South," such an amendment is imperative if state child labor laws in the North are to be maintained. Child labor is at its worst in the southern Democratic strongholds. In many southern states over 20 per cent of the total child population is engaged in child labor. Due to lack of state legislation these children work long hours at very low wages and under distressing conditions. In many industries they take the place of adult labor. The products of mills and factories operated by child labor come in competition with and under sell products of northern industries where child labor is prohibited, and where the standards of wages and working conditions are much higher.

Obviously, either the standards of industrial conditions in the South must be raised or the standards in the North must be lowered. As matters now are, the products of southern mills and factories, largely operated with cheap child labor, are driving the products of northern industries out of the market and resulting either in their closing down or a radical reduction in their working force.

Democratic southern states refuse to prohibit by state legislation the employment of children at low wages and long hours. The only way, then, to maintain the high standards in the northern states is to have a federal law that will fix uniform conditions of child employment.

In this connection it should be stated that practically all federal legislation for the benefit of women and children has been enacted when the Republicans were in control of Congress. The first bill for a federal child labor law was introduced by Senator Beveridge, Republican of Indiana, and Representative Herbert Parsons, Republican of New York.

Republicans in both branches of Congress have always been leaders in the effort to obtain federal legislation preventing the exploitation of childhood and the establishment of high standards of living and working conditions for the American wage earner.

E. DOHENY JR. IS WITNESS

Washington, May 7—Edward L. Doheny Jr. of Los Angeles, son of the late oil magnate, was called today before the federal grand jury in investigating charges of fraud and corruption in connection with the naval oil leases. He was in the grand jury room just eight minutes and then was directed to remain within call.

Piles Can Be Cured Without Surgery

An instructive book has been published by Dr. A. S. McCleary, the noted rectal specialist of Kansas City. This book tells how sufferers from Piles can be quickly and easily cured without the use of knife, scissors, "hot" iron, electricity or any other cutting or burning method, without confinement to bed and no hospital bills to pay. The method has been a success for twenty-four years and in more than eight thousand cases. The book is sent post-paid free to persons afflicted with piles or other rectal troubles who clip this item and mail it with name and address to Dr. McCleary, 6542 Parkview Sanitarium, Kansas City, Mo.

FARMER FALLS DEAD

Minot, May 7.—John Heated, a farmer residing 30 miles east of Minot, dropped dead yesterday evening in the waiting room of a local physician's office before he had a chance to see the doctor relative to medical treatment. Heart trouble was given as the cause.

N. D. TITLEMEN MEET AT BISMARCK JULY 7 AND 8

Grand Forks, N. D., May 7.—The annual convention of the North Dakota Titlemen's association will be held in Bismarck, July 7, and 8, according to A. W. Dennis of Grand Forks, secretary of the association. Thomas Hall of Hutchinson, Kansas, secretary of the national organization, to titlemen will be one of the speakers.

There are many miles of galleries and chambers containing peculiar formations at Wind Cave, South Dakota.

OFFICIALS ARE NAMED FOR BIG TRACK CONTEST

Governor Nestos, Mayor Lenhart and Supt. Saxvik Named Honorary Referees

Governor R. A. Nestos, Mayor A. P. Lenhart and Superintendent of Bismarck schools, H. O. Saxvik, as honorary referees, will hold a list of 50 officials for the Capital City Track and Field Meet, to be held here Saturday, May 10. The meet, the first in Bismarck, is expected to bring 400 athletes from schools in the state, and is the largest event of its kind ever held in the western part of the state. Silver loving cups and medals will be offered as prizes.

The list of officials announced today by Coach E. T. Houser, manager of the meet, includes many former college track athletes, and is accurate and fair judging of the meet. The entire track, the only one in western North Dakota outside of colleges, is expected to be in fine shape for the meet.

One of the features will be the appearance of Rolf Harmsen of Hazen, famous mile runner, who will give exhibitions. Harmsen, one of the fastest men in the United States, will go to Chicago early in June to try out for the American Olympic team, and he has a good chance to make it. He ran the 50-yard dash here the other day in practice at near the United States record, and he makes the 100-yard dash under 19 seconds. The meet will offer the only chance for scores of citizens to see the famous North Dakota runner in action.

Preliminaries in the 122-yard and 220-yard dash, and 120-high and 220-low hurdles will be run off at 11 a. m. Saturday, cutting down the number in the afternoon race to the best from many high schools. Points will be awarded for the first four places, as follows: five for first, three for second, two for third and one for fourth. Any pupil who is a regular student in either the grades or high school will be eligible to participate in the meet.

The officials are as follows: Honorary Referee—Gov. R. A. Nestos, Mayor A. P. Lenhart, Supt. H. O. Saxvik.

Manager—E. T. Houser. Starter—Al Peterson. Finish Judges—J. A. MacLeod, Philip Judge, Judge L. E. Birdzell, John Homan, Paul Brown, Phil Meyer.

Chief Inspector—Ed. Cox. Head Field Judge—Prim. W. F. Bublitz. Judges of Jumps—Geo. Bird, Roy Neff, Lars Wambheim.

Judges of Weight—E. Budge, Clifford Johnson. Supt. W. F. McClelland. O. W. Roberts, L. Craswell. Head Scorer—R. J. Murphy.

Chief Announcer—Jess Scroggin. Chief Marshal—Judge Casselman. Scorers—L. Sorlien, M. Avery, R. Rhud, B. Murphy, T. Thorsen.

All visiting coaches are asked to report at the high school as soon as they reach Bismarck, to get number for their entrants.

RUTH HELPS YANKS TO WIN

Batting Is Big Factor in Victory Over Philadelphia

Chicago, May 7. Eddie Rummel of Philadelphia and Walter Hoyt of the New York Yankees furnished the pitching battle of the majors yesterday. New York won 3 to 2. Babe Ruth drove in two New York runs and scored the winning run in the eighth.

Harry Heilmann, Detroit slugger, aided his team materially in defeating Chicago, 6 to 4. He got a homer with a man on base.

The St. Louis Browns owned the series with Cleveland, 7 to 4, while Fehr won his first game as pitcher for the Boston Red Sox, who beat Washington, 14 to 4.

In the Nationals the Phillies slugged their way to a 5 to 4 victory over the Giants, with Hughie McCulligan as the losing pitcher and Ring the winner. Pittsburgh beat Chicago, 2 to 0, and Brooklyn moved into third place, defeating Boston 3 to 0. Both Jess Barnes and Reuther pitched nice games, the latter, however, having the best of the battle.

We don't know why there are so many hair-line decisions these days, for a fighter has worn a beard since John L. Sullivan's time.

COLUMBIA WINS THE RELAY CLASSIC

Swarm of crowd and track at Franklin Field, Philadelphia, showing the Columbia relay quartet leading. In this event the Columbia runners sprung a surprise by taking a fairly easy victory.

It wasn't a very many years ago that Alex Stirling, still wearing sport kilt and with his hair in bag tails, startled the women golfers of the nation by qualifying in the national championship.

And in another year or so the Atlanta girl started on a rampage which didn't end until she had won three successive national titles. Little Marian Bennett of New Britain, Conn., who has just turned 15, hopes to follow in Alex's golf steps, an expert who have seen her play insist she has a bright future.

Marian has been playing well in the south this spring and intends to enter the bigger tournaments in the east when summer comes. She has a very compact game and is a driver of great power.

The relays will be staged in the Drake Stadium, April 25-26, the same time the Penn. Relays are held in Philadelphia. Performances will be watched with interest because many of the entrants are out to represent America in the Olympic game.

Charles Paddock will headline the Friday program, when he will match his speed against a field of star sprinters in a special 100-yard dash. Paddock is the joint holder of the world's record of 10.0 in the century, with L. J. Kelly and Howard P. Brew. He also holds the world's record for the 220 and 300 yard events, besides marks for 100, 200 and 400 meters.

Every university in the Western Conference, most of the Missouri Valley members and teams from the east and west will be entered. The college section has attracted a formidable entry list.

Other individual stars of world's record fame will compete in the special events. These include Dean Brownell of Illinois, who holds the world's indoor record of 13 feet 3 inches in the pole vault, and the American collegiate outdoor record of 13 feet 2 inches; Milton Apple, Illinois, who established an American record of 203 feet, 9 inches in the javelin throw at the Drake meet a year ago.

Harold Osborne, Illinois A. C., will attempt to shatter the world's high jump record of 6 feet, 7 1/2 inches; De Hart Hubbard, Michigan's negro star, will be a contestant in the hurdles and broad jump, while Danny Kiney, who tied the world's record of 209 2/5 in the 75-yard high hurdles in the Illinois relay carnival, also will be among the starters in the hurdles event. Charles Brookins of Iowa, world's champion low hurdler, also is entered.

15-YEAR-OLD MAID HOPES TO EQUAL ALEXA'S FEATS

MARIAN BENNETT

STADIUM AT DRAKE U. FOR SPRINTERS

Des Moines, May 7.—The Drake Relay Carnival, established 15 years ago with only a handful of athletes in competition, has had such growth that the event this year promises to attract a record breaking list of 1,500 track and field stars, representing more than 100 leading universities and colleges in the west and mid-west.

The relays will be staged in the Drake Stadium, April 25-26, the same time the Penn. Relays are held in Philadelphia. Performances will be watched with interest because many of the entrants are out to represent America in the Olympic game.

Every university in the Western Conference, most of the Missouri Valley members and teams from the east and west will be entered. The college section has attracted a formidable entry list.

Other individual stars of world's record fame will compete in the special events. These include Dean Brownell of Illinois, who holds the world's indoor record of 13 feet 3 inches in the pole vault, and the American collegiate outdoor record of 13 feet 2 inches; Milton Apple, Illinois, who established an American record of 203 feet, 9 inches in the javelin throw at the Drake meet a year ago.

Harold Osborne, Illinois A. C., will attempt to shatter the world's high jump record of 6 feet, 7 1/2 inches; De Hart Hubbard, Michigan's negro star, will be a contestant in the hurdles and broad jump, while Danny Kiney, who tied the world's record of 209 2/5 in the 75-yard high hurdles in the Illinois relay carnival, also will be among the starters in the hurdles event. Charles Brookins of Iowa, world's champion low hurdler, also is entered.

The relays will be staged in the Drake Stadium, April 25-26, the same time the Penn. Relays are held in Philadelphia. Performances will be watched with interest because many of the entrants are out to represent America in the Olympic game.

MANDAN NEWS

CLASS PLAY
"Come Out of the Kitchen" the lively three act comedy dramatized by A. E. Thomas from the story by Alice Duer Miller, will be presented at the Palace theatre on Friday evening by members of the senior class of Mandan high school. The play was one of the outstanding successes of the stage when presented several seasons ago and is unusually well adapted to amateur production. The play is being presented under the direction of Miss Mary Owen.

LOSES BLACKTHORN CANE
Thomas O'Neil, pioneer resident of Mandan is a guest of friends in the city having come down to meet his daughter, Mary, who is returning from Fargo. Mr. O'Neil is 94 years old and is quite active for a man of his age but his visit to Mandan has cost him a blackthorn cane which was a Christmas present from relatives in Ireland, which he prized very highly.

LEG BROKEN
Joe Smith, Jr. was brought to the city yesterday afternoon suffering with a broken leg. The fracture was a result of a bad spill, with a horse near the farm home south of the city.

LAND CLOSE TO CITY
The land given the State Knights of Pythias as endowment for a state home is located on the Flasher road about a mile south of the city and just south of the U. S. Great Plains Field station property part of which was sold by Mr. Hoyt to the government. It is valued at about \$8,000.

The Knights of Pythias a year ago considered the matter of establishing a state Pythian home, and this year the subordinate lodges in the state will vote on a special assessment per capita to build such a home.

BOY KILLED WHEN PAL'S GUN HITS TREE AS FIRED
Cavalier, N. D., May 7.—Duffy, 8 year old son of Mr. and Mrs. A. E. Slater, was instantly killed when struck by a bullet from a rifle fired at a hawk by Donald, 11 year old son of Mr. and Mrs. Thomas Beaudry. The boys and two others were hunting among some woods, and Donald according to his companions, swung his gun to take a hasty shot at a hawk. The weapon struck a tree trunk and was deflected to one side as it was discharged, the bullet entering Duffy's heart.

Ingrown Toe Nail Turns Out Itself
A few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost overnight.

"Outgro" is a harmless antiseptic manufactured for chiropodists. However anyone can buy from the drug store a tiny bottle containing directions.—Adv.

The scientific name for laziness is ergophobia.

MARKET NEWS

WHEAT EASES AFTER OPENING

Starts Little Higher Early Today, But Suffers Setback

Chicago, May 7.—In sympathy with higher quotations at Liverpool wheat here scored something of an advance today during the early dealings. Reports, however, that the Argentine strike had been virtually settled acted as a check on the upward tendency of values. Besides demand here lacked volume. The opening, which varied from 1/4 cent off to 3/4 cents gain, with May \$1.04 1/4 to 1.07 to \$1.07 1/4, was followed by a slight sag and then by small new upticks. Subsequently wheat felt the influence of the depression of corn. There was also believed that a reaction was due owing to three days advance. Wheat closed unsettled, 3/4 to 3/8 cents net lower, May \$1.04 1/4 to \$1.04 1/4, and July \$1.06 1/4 to \$1.06 3/4.

September \$1.12 1/4. Corn No. 2 yellow 69 1/4 to 70 1/4; Oats No. 3 white, 43 1/4 to 43 1/4; Barley 55 to 75 cents; Rye No. 2, 60 1/4 to 61 1/4; Flax No. 1, \$2.48 to \$2.53.

TELL OF GOOD TIME HAD HERE

Additional tributes to the manner in which the Bismarck Rotary Club and Bismarck citizens entertained the visitors at the Ninth District Rotary conference are being received by The Tribune, and Rotary clubs in other states desire they be published to let the people of Bismarck know they appreciate the treatment received. The Brainerd, Minnesota Dispatch says: "All were most favorably impressed with Bismarck, which though it is a smaller city than Brainerd, has the atmosphere of a metropolis, due in part to the fact that it is the capital of the state." The Albert Lea, Minnesota, Rotary "Bullwheel" says: "Bismarck is a smaller town than Albert Lea, even though it is the state capital of North Dakota. It is a wonderfully fresh, clean looking little city and there is a friendliness even to the wind which saves the taxpayers of that country the cost of street sweepers." "Albert Lea Rotarians extend sincere congratulations to Bismarck Rotarians for the manner in which they put the convention over and for the most excellent time enjoyed by the members of the Albert Lea club."

FIRES DESTROY FARMERS' BARN

Hope, N. D., May 7.—Two fires of mysterious origin destroyed two barns on farms near Hope, Saturday night. The fires started 1-2 hours apart.

At 9:30 p. m. the barn on the farm operated by Joe Tretter about six miles northwest of Hope was destroyed together with 11 head of horses, harness, oats and hay. The Tretter family was in bed except Mr. Tretter who was in Hope.

The other fire started at about 11 p. m. on the farm of Mr. Henry Stephenson six miles northwest of Hope. This was a more disastrous fire having burned all of Mr. Stephenson's horses and cattle which were of a good class of stock, 14 head of horses, all harness, 21 head of cattle and some machinery were destroyed with the fire. Mr. Stephenson was in Bladen at the time of the fire and his family was asleep.

CARBONATED BEVERAGE DAY IS OBSERVED

Local People Invited to Visit Plants and See How Beverages Are Bottled

Eight billion bottles of carbonated beverages were consumed by the American public during 1923, according to federal statisticians. Equally distributed this was eighty bottles for every man, woman and child in the United States.

Of course many persons drank many more than eighty bottles, and many did not drink any. But if you missed out on your per capita share last year you have a chance to make up for lost time today. Today "Bottled Carbonated Beverage Day" the 12,000 bottlers of carbonated beverages in the United States celebrate the centennial of their industry. And as a part of that celebration they are keeping open house for visitors and will distribute free of charge, million of bottles of their bubbly beverages.

In the larger cities there also are parades and displays at the stores of retailers, 150,000 of whom are co-operating with the bottlers to make the observance of the centennial a gala event.

In Baltimore, an airplane, chartered by the Maryland Bottlers of Carbonated Beverages, will fly along the route of a parade which will be a feature of the celebration there. Local bottlers of carbonated beverages in Bismarck—the Bismarck Bottling Works and the Capital City Bottling Company—will keep open house today. Their plants were opened to visitors from 9 a. m. to 9 p. m., and visitors are invited to visit the plants and see just how the products are made. They say a visit to the plants will be a lesson in the handling of products in the most up-to-date manner, to produce pure beverages.

WANTS TO HEAR FROM BUDDIES

Gordon E. Hoesh, in the hospital at Camp Kearney, California, would like to hear from some of the boys who served with him in France in Company I of the Second North Dakota regiment. He is in the U. S. Veterans Bureau hospital at Camp Kearney with tuberculosis and other ailments and he is in need of affidavits of several who served with him. He would like to hear particularly from William Bartelson, who was sergeant, and Capt. Walsh, he writes The Tribune.

UNABLE TO SAVE SITE

The State Historical Society is unable at the present time to advance funds to prevent the breaking up of ground just north of Menoken which was the original site of the first camp of General W. H. Sibley in his campaign of 1863 against hostile Indians in North Dakota, according to C. B. Little, president of the society. An appeal had been made to the society by Dana Wright of Jamestown, who said that the ground was to be broken up for planting of flax.

It would be unfortunate not to have this valuable historic site preserved, Colonel Little agreed, but said the society was absolutely without funds to purchase the ground. Col. Little individually invested considerable money in some land in McLean county which is the site of a historic Indian camp and contains Indians mounds, the investment being made to preserve the land for the historical society or some other agency in the future.

"I have just heard that the owners of Sibley's camp site north of Menoken are planning on breaking the ground up and planting it to flax this year," Major Wright wrote. The camp site, he said, is just south of the Crofton farm buildings, and was occupied by Sibley's army August 1-2, 1863.

There are original trenches which surrounded the camp still in evidence and are declared to be in the best state of preservation of any in the state.

CLAIMS MOST PROLIFIC PIG

Longview, Cal., May 7.—T. A. Lewis, Glenn county farmer, believes he has the prize mother pig. Her first litter, just born, brought 23 pigs into the world and 15 are living. From this litter Lewis will have with him six months more than a ton of pork to market.

Deer is the most abundant of the big game in the United States.

CONCORDIA CHOIR COMES TO BISMARCK

Musical Organization Has Won High Rank From Critics—Here on May 16

The widely known Concordia College choir will appear in Bismarck at the high school Auditorium on May 16, it was announced today by L. C. Sorlien. The choir, on a tour of North Dakota cities, is declared to be one of the best organizations of its kind in the Northwest.

The Concordia, issued by the College, says: "The marked success of the Concordia College Choir at its first local concert this year is of more than ordinary interest to members and friends of Concordia College as well as to music lovers generally. The choir is proving an effective link between Concordia College and the people of the Northwest."

Many critics have highly praised the choir. The choir is directed by Herman Mounson, formerly of this city. It includes 28 singers and a director, both men and women. The choir will come to Bismarck from the city of Minneapolis, and from here will go to Montpelier.

MANY ATTEND CELEBRATION

A. O. U. W. Lodge Holds Anniversary Banquet, Initiation

One hundred and twenty-five people sat down last night at the 30th anniversary banquet of the Ancient Order of United Workmen in the Grand Pacific hotel, and the lodge room of the organization was crowded for the initiation and other festivities which followed.

Bradley C. Marks of Fargo, grand master for the North Dakota jurisdiction, was toastmaster at the banquet, and he introduced Governor Nestos and Judge A. M. Christianson. Dr. F. R. Smyth, the only charter member present, spoke. Community singing and other music was provided.

Walter Fearn, manager of the disability department, spoke at the lodge hall, and 21 candidates were initiated. Lunch was served there and a dance followed. Officers of Bismarck Lodge No. 120 felt it was an unusually successful affair. Several Mandan members of the lodge were present.

At The Movies

CAPITOL
It isn't often you can get a volcano to work when you want it to, but Henry King, the director of "The White Sister," starring Lillian Gish, which will be shown at the Capitol Theatre starting Monday was able to photograph a violent eruption of Mt. Vesuvius just in time for the final scene of the F. Marion Crawford story, which call for exactly the kind of an explosion that happened.

When the picture comes to the Capitol Theatre film audiences will get an extra thrill out of knowing that the exploding crater and the lava are real, and that Miss Gish, Mr. King and the rest of the company were right on the spot.

"The White Sister" is a Henry King production for Inspiration Pictures, Charles H. Duell, Jr., president, and is released through Metro. Ronald Colman, a well-known leading man on the stage, makes his first screen appearance opposite Miss Gish. Others in the cast include Gail Kane, J. Barney Perry, Charles Lane.

THE ELTINGE
There is another dog star on the screen, but Strongheart, admitted leader of them all, has no cause to worry, for she is not only Mrs. Strongheart, but owes a great deal of her success to the coaching of her screen name as well as the name under which she is registered in the blue book of dogdom aristocracy of the American Kennel Club. She makes her screen debut in "The Love Master," starring Strongheart, which will be the attraction at the Eltinge Theatre for three days, beginning Thursday.

NAVY REPORT IS UNFOUNDED

Washington, May 7.—Allegations of serious deterioration in American naval strength are regarded as generally unfounded by President Coolidge.

Cameron Dam Defender Nears End of Career

Milwaukee, May 7.—The dramatic career of John F. Dietz, "defendant of Cameron Dam," is about ended.

With death a matter of only a short time, Dietz was placed under the guardianship of Attorney Patrick D. Dean, Leslie J. and Clarence Dietz, participants in the memorable battle on Thorn Apple river, petitioned the county court for appointment of a guardian to protect the property of their father. The petition and the testimony given before Judge John C. Karel furnished material for the last chapter in the eventful life of the north woods pioneer who fought "lumber interests" and defied courts and law enforcement bodies of the state for years until he was finally captured and sentenced to the state penitentiary for the murder of a deputy sheriff.

Leslie and Clarence, in their petition, claimed that Mrs. Polly Teller, at whose home Dietz has been living, is exerting an undue influence over him.

The Dietz boys claim that their father has property, stocks and bonds valued at \$5,000. The petition, signed by them and a physician, says that Dietz is seriously ill, that his condition renders him incompetent to act for himself and that he is now in a semi-comatose condition.

EGG DEALERS NAME OFFICERS

Fargo, N. D., May 7.—With the election of permanent officers and the drafting of bylaws and a constitution, the North Dakota Egg and Poultry association was permanently organized at the Waldorf hotel in Fargo yesterday afternoon.

The following permanent officers were named: President, C. T. Wichert, Fargo; vice-president, O. A. Amundson, Jamestown; secretary, R. E. Patterson, Fargo and treasurer, E. A. Russell of Mandan.

The bylaws and constitution were not formally adopted, but will be submitted to a later meeting at which it is expected there will be a larger attendance.

In a copper atom are 29 electrons, each one moving in its orbit with a speed probably greater than 39,000 miles a second.

ORIENT

"The wind blows the willow bloom and fills the whole town with fragrance" . . . Plan to take your trip to the Orient this year. It costs no more to go on the giant Empress liners—largest, fastest and finest ships on the Pacific. See the green jade hills. Smell the pink peach blossoms. Hear the tinkling temple bells. Visit the Orient. Further information from local steamship agents or for further information apply to any Railway or Steamship Agent on H. M. TAFT, 411-2nd Ave. South Minneapolis, Minn.

NELSON AGAIN NAMED MAYOR

St. Paul, Minn., May 7.—Mayor Arthur E. Nelson was re-elected yesterday's municipal election here, defeating George L. Siegel, who had the endorsement of labor unions, after one of the hottest campaigns in the city's history.

When 182 of the city's 216 precincts had reported unofficially, Mayor Nelson had a lead of 4,747 votes, the count standing: Nelson 32,392 and Siegel 27,645, with less than votes outstanding.

Meager returns on the councilmanic race indicated all incumbents had been returned with the possible exception of Commissioner W. J. Peter, who was running behind L. C. Hodgson, former St. Paul mayor. Two of the six commissioners are defied with labor.

Defeat of Siegel was conceded by his headquarters at midnight.

LINCOLN LADY GIVES FACTS IN HER CASE

Tells How She Overcame Stomach Trouble And Nervousness—Gives Tanlac Full Credit.

"If I could, I would personally tell every weak, run-down person in the land about Tanlac," is the enthusiastic statement of Mrs. J. Buettgenbach, 509 South 9th St., Lincoln, Nebraska.

"Before I took Tanlac, stomach trouble and nervousness had terribly undermined my strength. I could hardly digest a thing and I had spells of nervousness, dizziness and weakness that were almost unbearable. Finally my digestion and nerves just seemed to go back on me entirely and I was almost exhausted from weakness and suffering."

But Tanlac has changed everything for me. It gave me such a wonderful appetite that I laughingly told my husband he wouldn't be able to feed me. And I now have a fine digestion, too; in fact, Tanlac has ended these troubles and brought me good health and I can't say too much for it. My husband and brother-in-law have also taken Tanlac with splendid results."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 Million bottles sold.

Tanlac Vegetable Pills, for constipation made and recommended by the manufacturers of TANLAC. —Adv.

Perfidious Savages

In the Torres Straits Islands in the East Indies, there are no trees suitable for canoe building. So the natives, a cruel, treacherous race, import their canoes from the Fly River Delta in New Guinea—another place with an unenviable reputation. The distance between these two places is over four hundred miles, and no native in that region travels even one-quarter of that distance.

The word is simply passed on from tribe to tribe. On the strength of this vague order a canoe is built. Then it is relayed back. Each tribe of bloodthirsty cannibals tests and discusses it before passing it on. Finally the payment, shell necklaces, spear points, arm bands, makes its way to the canoe builders in the same leisurely fashion.

There is reason for this honesty in savages to whom perfidy is natural. If any of the parties in this complicated transaction were to risk being dishonest, their credit would be ruined. And though these natives may kill and eat each other, they hold barter inviolate.

Even savages understand that in commerce it pays to be honest, and to let the world realize your honesty! So in modern business. Advertising must be honest and it is a proof of honesty. A product's advertising is the best guarantee of its quality, usefulness and value.

The man who advertises is inviting your inspection. He is letting his goods stand on their own merit. He can't afford to deceive you. You can depend on him. That's why it pays to read advertising and to buy advertised goods.
